Relative humidity at 12 m.	59
Relative humidity at 6 p. m.	61
Mean relative humidity	66
Mean dew point	52
Precipitation in inches	0

WEATHER FORECAST.

Washington, June 21.—Forecast for Colorado: Partly cloudy Saturday and Sunday; winds mostly westerly.

Horse timers in Ashby's window.

Trunks repaired. Wise, 14 Pike's Peak

Piano moving a specialty. The Colorado Springs Transfer Co., 13 Pike's Peak

BORN—June 21, to Mr. and Mrs. Harvey D. Noble, a son.

BORN—Ten-pound girl, June 20, to Mr. and Mrs. Walter R. Amoss, of 121 East Las Animas street.

SEVEN of Gulnac's Commercial college students accepted positions this week as bookkeepers or stenographers. College Journal free.

PRIMARY UNION—The Primary union will meet at the Christian church Saturday at 3 p. m. Remember the normal class is being given up for the summer so the lesson will be at 3 p. m. Everybody welcome.

BLACK HILLS PIONEERS—A number of Colorado Springs mining men have received invitations from Deadwood, South Dakota, to attend a celebration to be held in that city on July 3 to 7 inclusive, it being the Quarto-centennial carnival of the Black Hills country. It is given under the auspices of the Society of Black Hills Pioneers of Deadwood.

TO LIFT CHURCH DEBT—For the purpose of clearing up the church debt, Payne chapel, A. M. E. church, collected $500 last Sunday. $397 more will lift the mortgage. Strenuous efforts are being made to raise the balance by the first Sunday in July, when the rally closes. We shall be thankful for assistance from the friends of the church. A. A. Burleigh, pastor.

KINDERGARTEN COMMENCEMENT—Mrs. Gunnell's kindergarten and preparatory school at No. 827 East Cache la Poudre, closed its third year's work yesterday. Quite a number of parents and friends of the little ones were present to witness the exercises. The little ones, numbering about thirty, acquitted themselves in a manner which reflected great credit on themselves and their teachers.

NICHOL TO CHICAGO—Local railway men are interested in the announcement from the headquarters of the traffic department of the Denver and Rio Grande road, concerning a new general agent for the company in Chicago. Mr. R. C. Nichol, now general agent at Portland, Ore., will be transferred to Chicago on July 1 to succeed Mr. J. W. Sloxson, former general agent there, who died on June 5 after eighteen years of continuous service.

WARRANTY DEEDS—The following warranty deeds were filed for record yesterday in the office of the county court: James B. Gregg to Emma M. Wiley, $3,500, part of lot No. 2, block No. 11, addition No. 1; J. F. Thomas to B. F. Estes, $1,500, part of lots Nos. 13 and 14, block No. 4, Boulder Heights addition; Margaret L. Hallingsworth to William Grimes, $1,000, part of lots Nos. 24 and 25, block No. 5, Hillside addition; F. L. Porter to H. W. Hoagland, $1,000, lot No. 6, block "C," Highland addition; Ernest A. Colburn to Theodore W. Lichenstein, $1,500, lot No. 2, block No. 8, Broadmoor.

Dyspeptics cannot be long lived because to live requires nourishment. Food is not nourishing until it is digested. A disordered stomach cannot digest food. It must have assistance. Kodol Dyspepsia Cure digests all kinds of food without aid from the stomach, allowing it to rest and regain its natural functions. Its elements are exactly the same as the natural digestive fluids and it simply can't help but do you good. Hedley-Arcularius Drug Co., C. E. Smith, 117 S. Tejon St.

Exceptional Opportunity.

We are overstocked on certain screen doors. You can have them while they last for 75c. Newton Lumber Co., West Huerfano street.

CRIPPLE CREEK AND RETURN, $2.25.

Good for five days, returning Tuesday, June 25th.
Over Colorado Midland Ry.

Surprising values greet you at every turn. Kaufman's Shoe sale.

One fare for round trip to all state points Tuesday, June 25, over Colorado Midland Ry.

ROSEMONT EXCURSION—$1.00.

June 22, via the Short Line—Royal Arcanum Reunion.

Trains leave D. & R. G. station 7:30, 10:35 and 11:00 a. m. Round trip $1.00. A jolly good time.

$2.50—Denver and return—for the races via C. & S. Tickets on sale June 22 and 23 and good for return five days from date of sale. Office, 15 N. Tejon.

$2.50—DENVER AND RETURN—$2.50, Over Rio Grande railroad, June 15, 22 and 25. Return limit five days. City office, 16 N. Tejon St.

The prices are more skeletons at Kaufman's shoe sale.

THE TOURISTS ARE HERE

The town is filling up with strangers now. They want everything—a room, a house, a horse, bicycle, carriage, everything that humans long for. Anything you have to dispose of will interest somebody if they just find out about it. Most folks who want to reach the public use Gazette Warranted Want ads. They are cheap, quickly effective and The Gazette takes the risk. It's a very liberal proposition; more liberal than made by any other western paper. They bring results—that's the reason for their great popularity, with the further fact that The Gazette takes the risk.

When you feel like smoking the best cigar, ask for the CAMPANELLA.

HALF RATES—Gulnac's Commercial college.

Telephone 62.
Bernard Ilvery, 17 E. Cucharas St.

They are sweet and delicious, they are birds—CAMPANELLA CIGARS.

For trunk repairs go to H. T. O'Brien's trunk factory, 5 South Cascade.

Nothing like being up-to-date; you find that in the CAMPANELLA CIGAR.

Mexican carved leather and drawn work agency, Aiken's. Corner Kiowa and Cascade.

Our sales one year ago this week were 5,000 on CAMPANELLA CIGARS; this week's sales were 50,000.

Lenses ground to order from your prescription at Goodspeed & Co.'s.

The CAMPANELLAS in quality are all alike, the only difference is the price, 5, 10 and 15 cents.

Antlers Turkish Bath, 14 East Bijou.

Fresh Meats and Fresh Fish

I carry nothing but the best Corn Fed Kansas City Meats. The markets in the combine will tell you how impossible it is for any one to sell good meats at my prices. Do not be misled by such talk, but try an order of my fresh meats and know for yourself that while my prices are far below the credit shops and the shops in the combine, my quality is equal to the best in the city. I buy direct from the largest packers. I buy cheaper than my competitors, because I buy in larger quantities and pay spot cash. My Fresh Fish are fresh from the lakes. They have not laid around a commission house a week or ten days before you get them.

Mercerized Foulards

40c Kind at 25c.

They are the newest and prettiest of this season's fancies. It's getting about time for stock adjustment and we'd rather you have these popular fabrics while there's almost a full season ahead of you. Hence the price.

25c a Yard

All Wool Challies

65c Kind at 50c.

This story is of those filmy, gorgeous fabrics shown at the wash goods counter. Challies are more popular than ever this season. And offering them at this particularly low price, they assume increasing importance.

50c a yard

SUITS SLAUGHTERED STILL MORE

Thirty-Three and One-Third Discount This Week

This sale has met with wonderfully substantial response. Why? Because design of striking and late beauty, coupled with big concessions in price, encumber our whole assortment, and economizing women hastily appreciate true bargains. Again, that the styles are not of the rapid perishable sort adds great favor.

Last week we advertised our assortment at 25 per cent discount. We are anxious to hastily clear the racks they now occupy for midsummer arrivals, so run them this week at

33⅓% Off

SUMMER SKIRTS

of Pique and Linen

Probably no previous season has offered such a broad variety of choice Wash Skirts. You can almost name your style and find it here at a decisive low price.

Ask to see the new Shirt Waist Suits when next you visit this department.

Housekeeper's Accessories

Every housekeeper at this time of the year finds something that is wanting in her bedding or linens.

The vast assortment and honest prices make buying at Giddings' easy and pleasant.

All standard lines are represented.

Sheets, Pillow Cases, Linens, Napkins, Towels

New Carpets

A never ceasing flow of new arrivals continuously pours into this department. Seventeen new and striking patterns came tumbling in Saturday—rich Body Brussels and Axminster effects. Prices are as follows:

BODY BRUSSELS AT $1.25 YARD.
AXMINSTERS AT $1.65 YARD.
These prices include making, laying and linings.

Summer Underwear

Practical underwear at lowest prices, briefly but pointedly expresses the true nature of our underwear.

LISLE VESTS at 25c, 35c, 40c, 50c, 75c.
COTTON VESTS at 15c, 25c, 35c, 40c, 50c, 75c.
SILK VESTS at 75c, $1, $1.25, $1.50 up to $3.

Union suits in cotton, lisle, wool and cotton, gauze wool and silk.

Wash Taffeta

It is a consoling thought to know where to buy wash taffetas that will give satisfaction.

Ours are guaranteed to be fast colors and will wash as nicely as the average cotton fabric. It is of good, heavy texture and far superior to anything this store has ever handled. PRICE $1.25 YARD.

FRANK A. VORIES, 22 S. Tejon St.

DON'T BE A CLAM, THINK!

When we need service we should seek that from which we can reasonably expect help. Those who suffer from Consumption, Asthma, Catarrh, Hay Fever or any Chronic Disease can expect the best results by going to Dr. Ellison, Colorado Springs' successful specialist; for he devotes all his professional time to the special treatment of these diseases. Examination free. Office, 24 North Tejon Street.

The law that governs success in any undertaking can only be complied with by what we call stick-to-itiveness. Any accomplishment seems easy when one knows how to do it, but to learn to "know how" to such a degree of perfection that services tendered will excel requires time, expense, and diligent study. A man is not liable to succeed in any undertaking he does not set his heart on, and people seldom make a success of any vocation they are not naturally adapted to. When Dr. Ellison came to the time of life when it was necessary to decide what profession he would follow he chose medicine and has always been satisfied with the decision. For years he has treated consumption, asthma, catarrh, hay fever and chronic diseases of men, women and children, and is in possession of a treatment so perfected that his services are in demand. People who suffer from obscure diseases are fast learning that the results of special treatment for special diseases, secured from Dr. Ellison, are superior to any they can reasonably expect from a physician who does a family practice. The doctor's sulphur treatment is what every person should have if they suffer from pulmonary tuberculosis. This treatment can be taken at your home. Office 24 North Tejon street (over Craigue's grocery store). Office hours, Mornings, 9 to 12; afternoons, 2 to 5; evenings, 7 to 8; Sundays, from 2 to 3.

BURGLARY COMMITTED AT BURSON'S HOME

The residence of J. H. Burson on the south side, was burglarized Thursday night by an unknown man and a small child's bank was stolen. Further thefts were prevented by Mrs. Burson who discovered the burglar.

Mr. Burson is a night switchman on the Colorado Midland and was not at home at the time the burglary was committed, but his wife and two children and his father-in-law were sleeping in the house. About midnight Mrs. Burson thought that she heard some one moving in the house and knowing that it could not be her husband she awoke her father and a careful search of the house was made. The burglar was finally found lying flat on the floor, in an attempt to escape discovery and he was taken in hand by Mrs. Burson's father, who started for the police station with him.

The man had removed his shoes to avoid making any noise and when he was being taken from the house acted as if he was drunk. Finally he laid down and said that he could not walk any further, whereupon his captor left him for a minute to seek aid at a nearby house, supposing all the time that his man was too drunk to stand up.

But the man was not drunk. It did not take him long to get up and run when he was left alone for a moment. He was not captured as the police could not get a clew to work on and he was probably out of town before the police began their search. They have a description of the man, however, and are still looking for him. He gained entrance to the house by means of a window, but did not have time to steal anything before he was captured.

TWO MEN ARRESTED FOR STEALING PANTS

Chief Birdsall yesterday morning arrested John Bateman and Tom Frawley charged with petty larceny. The men are charged with stealing a pair of pants from H. C. Brown, and they have been lodged in the county jail to await trial before Justice Faulkner. When the men were arrested they had the trousers in their possession. Mr. Brown lives on Washington avenue and the pants were stolen from him Thursday night. Chief Birdsall was informed that there were two men acting suspiciously in that neighborhood and he immediately placed them under arrest.

There was a report current in Colorado City yesterday that a prominent young married lady of the town had been sand-bagged in West Colorado Springs near La Vergne, but the report could not be confirmed. Neither the police of this city nor of Colorado Springs had heard of the case and gave it as their opinion that there was nothing in it.

Wash Ties

At fifteen cents we have a very handsome line of straight string ties with pointed ends two for a quarter.

Most folks are sensible enough to get a cool comfortable tie for hot weather wear. These Butterflies and Batwings at twenty-five cents answer that purpose admirably.

We have a large variety of straight white lawn ties at twenty-five and fifty cents a dozen.

Something new in our window every day.

FRANK LIAFE WON IN SUPREME COURT

A decision was handed down by the supreme court in Denver this week sustaining the decision of the county court of this county in the case of Frank Liafe vs. the Town of Colorado City by which the plaintiff was awarded $5,000 damages for injuries sustained while in the employ of the city.

Liafe was working in the gravel pit on Tenderfoot hill when the bank caved in and caught his leg under the debris. The leg was injured to such an extent that amputation was necessary. This was three years ago and some time after Liafe began a suit against the city in the county court and was awarded damages. The case attracted considerable attention at that time on account of the large amount of money awarded to the defendant and the city immediately carried it to the supreme court. This week that court sustained the decision of the county court with interest for the time which has elapsed since the former trial.

Liafe still lives in the city.

BRIEF CITY ITEMS

WATER MELONS—The first water melons of the season to make their appearance in Colorado City were on sale at Ott's grocery yesterday.

NO COURT—There was no police court yesterday morning, but instead Judge Bates went to Colorado Springs where he attended police court.

SOLD OUT—The Boys' saloon has changed management. It was formerly owned and managed by colored people but they have sold out and will not be connected with it in the future.

WORK RESUMED—Work on the new Reed building has been resumed and the joists were laid yesterday. Scarcity of material caused the men to stop work some two weeks ago.

FOUNDATION DONE—The foundations for the new Wycott building have been completed and are now ready for the joists. The building will have a large and spacious basement.

MERRY GO ROUND—The merry go round which has been running nightly in this city for the past three weeks, will soon leave the city and go to Manitou where it will be stationed all summer.

DIED—Yesterday morning at 6 o'clock the infant son of Mr. and Mrs. William Walker, at his home on the south side. The funeral services will be held from the family residence this afternoon at 2 o'clock.

STERNS-HALL—Married Thursday evening at 8 o'clock, at the home of the bride's parents, Miss Minnie M. Hall and Mr. Harry Sterns. Both parties are well known in this city and will make their home here in the future.

FOURTH OF JULY GAME—In connection with the Fourth of July celebration the Stars and Arcades will play a game of ball on Myles field for $25 a side. Both teams will put in a good deal of practice between now and the Fourth and a good game is expected.

ROUND UP—The police made a round-up of the railroad yards yesterday and arrested seven vags and drunks who were lying around the trains. They were all locked up and will be given a trial in police court this morning.

WOMEN OF WOODCRAFT—All members of the local lodge of Women of Woodcraft are requested to attend the funeral of the infant son of Mr. and Mrs. William Walker, who died early yesterday morning. By order of Lizzie Orman, G. N. and N. V. Bates, clerk.

HIBERNIANS—The Ancient Order of Hibernians will meet at St. Mary's hall on the south side next Sunday afternoon at 3 o'clock. Bishop Matz of Denver, will be present and go through the ceremony of blessing the bell besides administering the rite of confirmation to a class of candidates.

DITCHES—The ditches along Colorado avenue are cleaned daily by a wagon which is kept by the city to gather the refuse and trash from the streets. All paper and other articles which become lodged in the ditches are taken out and this together with the absence of the signs which graced (?) the sidewalks in the past makes Colorado avenue look the beautiful street that it really is.

CAR SERVICE—The residents of Colorado City are hugging themselves with glee because of the new ten-minute car service. There are plenty of cars and the best of it is that they are new ones. The conductors have orders not to wait for anyone and if a prospective passenger is not standing on the corner when the car comes along he does not get a ride until the next.

BALL GAME—It is expected that many fans will witness the ball game between the Rocky Ford team and the Arcades of this city on Myles field tomorrow afternoon. The boys from the watermelon town will arrive in the city tomorrow morning and are determined to take the game while the Arcades are equally determined to send a defeated team back to Rocky Ford.

PERSONAL MENTION

Mrs. C. F. Monroe has gone to the Half Way house on the cog road where she expects to spend the summer.

Emma Wieman has gone to Waterloo, Wisconsin, for the summer.

M. W. Cook has gone to Dallas, Texas, for an extended visit with relatives and friends.

Michael Meehan has gone to Denver where he expects to make his home.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. It is everywhere admitted to be the most successful medicine in use for bowel complaints, both for children and adults. No family can afford to be without it. For sale by all druggists.

One fare for round trip to all state points Tuesday, June 25, over Colorado Midland Ry.

More New Pictures.

We have added about two dozen more choice little pictures this week some dainty things just fitted for gifts.

"Dorothy", that artistic little "Copley" by Emmet, in a brown and ivory frame at $4.50 a gem.

"Waiting for the Ferryman," by Ridgeway Knight, a Copley Sepia at $4.50.

Bugucreau's "Innocence" a detail the figure of a woman with a child and a lamb, a French carbon, in a brown and ivory frame at $5.00.

The "Window Seat" a bright, cheerful Copley print in brown, framed in handsome brown and gold at $12.50.

These are several that would make good wedding gifts.

Art Framing.

When you have a particular job in fine framing you will run no risk if you bring it here. That is our specialty.

GAZETTE'S BRANCH OFFICE :: CHAS. A. GRANT'S STORE

SELLS DENIES THE CHANGE OF POWER

Says the Cog Road Has No Intention of Using Electricity Now or Any Other Time.

The new engine received by the cog road some time ago is being put into running condition as fast as possible. With this engine behind a train it is little less than impossible for an accident to happen as it contains many appliances which the old engines do not have. It has a wheel which revolves a certain number of times in a mile, according to the speed of the engine. If the engine goes too fast a steam break is set automatically, and the engine brought to a standstill. Many other improvements have been added by the Baldwin Locomotive works to this engine and it is the most modern mountain climber in the world.

Mr. C. W. Sells, manager of the road, in conversation with a Gazette man yesterday, denied the story that the cog road would use electricity in a few months.

"It would be impracticable," he said, "for the reason that after you have gone to an elevation of 12,000 feet the conditions are by no means the same as they are below that. In the first place, as the wires on the peak often become coated to the thickness of an inch with ice and frost and this would break the connection between a trolley and the wire. In the second place there is too much static electricity in the air. This is the kind of electricity which is not in motion, but the clouds are full of it and when a cloud passes over the Peak the electricity in it forms a current through a person's body with the ground. We could never use current to the summit of Pike's Peak for many reasons. If it can be done it is yet to be demonstrated. That was a great trouble to Mr. Jackson when he was building the tunnel and he had expert electricians come from all over the country to try to overcome the conditions of the atmosphere, but they could not do it.

"I would like to get a bet with some of the men who want to wager that if the Pike's Peak Power company secures water we will put in electricity for a motive power inside of 18 months. As far as I know no member of the cog road company is connected with the power company and you can positively state that one company has nothing to do with the other."

SALT LAKE HOTEL MAN VISITS MANITOU

Don H. Porter, manager of the Kenyon hotel in Salt Lake, accompanied by his wife and daughter, Mamie, are at the Cliff for a brief stay. Miss Porter has been attending school in the east and her parents are bringing her home for the vacation. Mr. Porter is an old hotel man and thinks that the outlook for the summer season is good. He says that there is a good deal of western travel for this season of the year.

"I do not get to Manitou often and when I do it is for a short stay, only," said Mr. Porter yesterday. "My daughter has just finished her last year in college and we went east to bring her home. Manitou is a beautiful place, there is no doubt of that. I wish I could stay longer. We are going up Pike's Peak tomorrow and will make a drive this afternoon and will leave for Salt Lake tomorrow.

"There is a great deal of western travel for this season of the year, and it is probably due to the conventions which are soon to be held in California. Manitou and the remainder of Colorado will have plenty of visitors in a few days and Salt Lake will not be far behind."

BRIEF CITY ITEMS

HOTEL RATES—Many have the impression that hotel rates in Manitou are extremely high and that no one can afford to spend any length of time here unless he is rich. This is a false impression and should be corrected. The rates vary from $1.50 to $4 per day and from $10 to $25 per week for a single person, according to the location of rooms. These rates are not as high as those charged in the average summer resort and are very moderate.

RUXTON OPEN—The Ruxton hotel is now open for the season. It has been thoroughly renovated and cleaned and has received a new coat of paint. Dr. Cooper is the proprietor of this hotel this season.

BOOKLET—The Sunny Side hotel is having a handsome booklet, descriptive of Manitou and its scenic attractions, printed. All of the hotels have these booklets for distribution and the one which was written by Captain Rogers is one of the prettiest ever issued. The title of the booklet is "Truth in a Nutshell," and the contents carry out the title.

GRAND VIEW—The Grand View hotel is now ready for summer visitors, having been improved a good deal during the winter. A telephone has been put in the hotel and Mr. Paulson, the proprietor, is always a favorite with his guests, many of whom come and stay three or four weeks as regularly as the summer rolls around.

TOURISTS ARRIVING—Many tourists are arriving in Manitou, although they come a few at a time and in this way their arrival is not noticed so much. The postoffice has begun to feel the increase and will put on the usual extra clerks about July 1.

TO STILL THE WATERS—Two little boys poured out some oil, which is kept by Water Commissioner French to lubricate valves, into the creek yesterday and they were immediately arrested and fined.

THE JOURNAL—The first issue of the summer Journal has made its appearance and is very neat and attractive, to say the least. A new title cut is used and new half-tones and type make the appearance of the paper neater than ever. The paper will be issued tri-weekly.

EXCURSIONISTS—Many Manitou people tourists and residents took advantage of the excursion over the Short Line yesterday to visit Cripple Creek.

STATE BAR ASSOCIATION—Manager Nichols of the Cliff house has contracted with the State Bar association to give them an entertainment during their stay in Manitou. The association will be in this city July 9 and 10 and while they are here will be given a banquet at the Cliff house by Mr. Nichols. They will also meet in the Cliff house. The exact number who will come to Manitou is not known as yet.

LIGHTS—The question of lights is once again bothering the Manitou users. It was thought for a time that lights would be rather cheap this year, but should the new company fail to secure water the situation will remain as before. Agents of the old company were out yesterday informing their consumers that as soon as the new company began operations the old company would cut the prices to meet the prices established by the new company. As yet no reductions have been made.

WILD ROSES—Wild roses are now in bloom in plenty and can be found along the street car track just below the Iron Springs, where it runs beside Ruxton creek.

CLEANED SPRING—The sulphur spring has been cleaned. All the rocks, glasses, tin cups and other trash which falls in the spring during the winter has been removed.

PERSONAL MENTION

James H. Gray and wife of Chicago are registered at the Barker.

W. H. Moreland has returned from a short business trip to Cheyenne.

Mrs. Charles A. Grant has gone to Cripple Creek for a few days' visit with her son.

Claude Glasser, who has been attending Sacred Heart college in Denver is home for the summer.

Miss Dorothy Paulson, who has been attending Wolfe hall during the winter, is home for the summer vacation.

L. B. Roberts and wife and C. R. Collins and wife of Chicago are recent arrivals at the Norris. They expect to remain in Manitou some time.

W. E. Summers of Kansas City, J. S. Tison of Sedalia and G. J. Merrist and wife of New York are registered at the Ruxton for prolonged stays in Manitou.

Recent arrivals at the Mansions are: J. F. Lamperp of St. Louis, H. Simpson of Denver, A. H. Whalte of Colorado Springs, Jules Gerstle of New York, and M. S. Beals and wife of Chicago.

Recent arrivals at the Cliff are: Mrs. N. P. Myton, Fred K. Myton and N. P. Myton of White Rocks, Utah; Mrs. Byron W. Clarke, Miss Clarke and Miss Sherman of Brooklyn, Dr. Victor A. Biles and wife of Denver, Fred H. Bullen and wife of Pueblo, and Thomas W. Johnson of Chicago.

The following party of Colorado Springs people had charge of the plunge for an hour last night for a delightful swim: Messrs. Howard, Anson Howard, Bible, Kuster, Smith, Booth, Hedrick, Decker, Smith, Bortree and Malgmood; Misses Hodge, Rhett, Campbell, Wilson and Mrs. Howard and Mrs. Decker.

George H. Newcomb and family of Toledo, H. G. Stiles and wife of Indianapolis, F. Sanders of Chattanooga, and R. A. Wilson of Chicago are recent arrivals at the Grand View who will remain in Manitou several weeks.

S. E. Hill and wife of El Paso, Tex., J. Outram of Pacific Grove, Cal., W. V. Irvin and wife of Chicago, and Mrs. G. W. Barnell and family of Lincoln are at the Sunnyside for stays varying from a few days to two months.

Rev. W. L. Powell of Colorado City has pitched a tent above the Iron Springs and will remain there until fall.

Danger, disease and death follow neglect of the bowels. Use DeWitt's Little Early Risers to regulate them and you will add years to your life and life to your years. Easy to take, never gripe. Hefley-Arcularius Drug Co., C. E. Smith, 117 S. Tejon St.

ROYAL ARCANUM REUNION—At Rosemont, on the Short Line, Saturday, June 22.

Excursion tickets $1.00 round trip. Short Line trains will leave D. & R. G. station at 7:00, 10:30 and 11:00 a. m., June 22.

MANITOU PARK

The most charming of all the mountain resorts in the west—

"With the best of Cuisine."

FIGHTING A TRUST.

It is a fact that the most successful trust regulation has been accomplished by Republican legislatures and state officials. In the case of Demo-Populists, ... been to at their best much suspicious sudden ... some are so radical that they would destroy the whole industrial system ... all capitalists and pauperize all wage-earners in order to reach the ... others only succeed in ... legislation that will stand the test of the courts.

One of the most noteworthy instances of successful ... the state ... large corporations was under the administration of Governor Theodore Roosevelt in New York and now the Republican state government of Kansas presents an example of trust regulation that is ... by other states. One of the great crops of Kansas is wheat. The harvesting of wheat requires reaping machines and reaping machines require binding twine. Hence the importance to the Kansas farmers of the control of twine ... by a trust that advanced the price of that necessary material ... what they had been paying or felt they ought ...

As a ... measure the experiment was tried of employing the convicts at twine making, the raw material ... purchased by the state and the product sold to consumers within the state. Of the ... pounds ... in the state last year, about ... pounds were produced by convict labor. But the sale of this amount in competition with the trust twine caused a reduction ... pound ... this year ... a saving ... farmers of the state ...

Other states do not share to an equal degree the need for binding twine that is felt in Kansas, but in many cases the principle may be applied variously to the benefit of the people.

THE TORTURE OF INFANTS.

THE GAZETTE does not pretend to be a rival of the Ladies' Home Journal nor of Babyhood in the specialties of those estimable publications. But the way in which infants are tortured publicly and in private by their well meaning but mistaken relatives, maternal and otherwise, is sufficient to warrant a word of protest from a general newspaper.

The other day at the dog and pony show a woman sat holding a baby that was an evident sufferer from the heat of the tent. The poor little thing wanted most of anything in the world to go to sleep in some cool, quiet, dark place, but it was so hard for it to do so in the heat and the glare and the noise. So the woman jounced it on her knee until she had shaken its brain and stomach and other interior decorations into numbness. Yet quite likely this woman would have resented as heartless the suggestion that baby should have been left alone for the same length of time even if it were not within her immediate reach, but it would have been infinitely better for the baby.

To the fond parent little William or Susie is nothing else than an angel sent straight from heaven, and the conclusion that it should be treated accordingly appears to be entirely reasonable. But wise old Mother Nature with her experience of thousands of years knows better than that, and regards the precious darling only as another little animal added to the teeming millions of the earth. And the animal mother that has not forgotten Nature's teachings knows the benefit to her baby of rest from motion, rest from light, rest from heat and rest from noise.

Baby's brain is not built on the model of a corn popper, neither is its stomach intended to operate on the principle of a churn.

The plan of shaking the baby to sleep is scarcely more sensible than it would be for a person of middle years to seek slumber on a hard-riding trotting horse in the immediate neighborhood of a boiler factory.

The entire good intentions of the infant torturers are one of the notable features of the case and form a fresh illustration of the principle that

"More harm is wrought
By lack of thought
Than e'er by lack of feeling."

That babies under such treatment do grow up to manhood and womanhood with only a small proportion of addled brains and wrecked nervous systems is a remarkable proof of the strength of the natural vital forces and leads to renewed admiration and wonder at what weak human nature can stand.

A RACE ACROSS THE OCEAN.

SIR THOMAS LIPTON, prince of British sportsmen, has proposed a yacht race across the Atlantic and the idea has already received much favorable comment. Sir Thomas proposes to enter both the Shamrocks in the race, and it has been suggested that the Constitution and the Independence be entered on the American side and possibly the Columbia also. The race would have to be sailed under yawl rig, as it is doubtful if the racing spars could stand the strain that might be put upon them by bad weather.

Such a race would attract a great deal of attention and would be watched with greatest interest. The suggestion is one worthy of Sir Thomas Lipton and we hope it may be put into effect.

A Spanish newspaper thinks that country should prepare for war with Great Britain. Of all the mean things said about Great Britain recently this is the worst.

There may be more truth than is desirable in the statement that Earl Russell, the alleged bigamist, is to be tried by a jury of his peers.

THE SOUTHERN METHOD NOT THE BEST.

IF a ... meeting of negroes in Colorado presided over by one who called ... and was attended by numerous ... of the meeting was based upon a ... that ... were adopted ... the ... of "the ... of the kingdom of God is come" ... a well-known ... was shot to death because he had been ... in ... the law we do not believe that the people of Colorado would ... caught, ... were ... lynched ... the ... not ... let it go.

But it is ... that such ... should arise in Colorado ... reason ... no part of ... any ... encouraged by the ... of ... Further ... own people ... the ... by the ... rights. A man ... in this state is free to make ... to him he is free to ... and on election day he is free to cast his ballot and reasonably safe in having it counted honestly.

... the Virginia ... and ... cause it is ... a large part of the reason why such events as the ... lynching take place.

The statement of this fact does not solve the negro ... by any means, but it has an important bearing upon it and it is too often overlooked by those who consider the matter there. If the political character in the south ... the ... common, and the negro population ... free schools and a free vote, there is no reason why it should constitute a danger more than an equal number of citizens in northern states.

No permanent remedy for the negro question can come from a suppression of the negro vote and the discouragement of negro education, and ... Ben ... illustrates how deeply one must go to find the ... of the outbreaks which from time to time attract public ...

THE OBJECTS OF PROTECTION.

THE objects of a protective tariff in this country should be four-fold:

To provide the revenue necessary for the support of our federal government in a way ... to our own people.

To protect American wage earners in a scale of wages above that maintained in many foreign countries.

To develop American manufactures and industries for the period during which they cannot ... under open competition; and

To encourage American foreign trade by discrimination within reasonable limits in favor of those countries that grant especially favorable terms to American products.

Any tariff that does not aim to do all these things and give a reasonable basis for accomplishing them is defective and incomplete.

The great difficulty is that the conditions of our domestic industries and of our foreign commerce change so rapidly and frequently that a tariff which is eminently satisfactory one year may be very defective or objectionable a year or two later. And at the same time it is true beyond question that frequent ... in tariff ... are very disturbing to business and harmful to trade interests.

The suggestion has been made that the best results could be reached by putting tariff matters into the hands of a nonpartisan nonpolitical commission. But the difficulty with this suggestion is that the ... matters of policy whether our tariff laws shall be drawn upon protective principles or not. A commission composed of free traders would be partisan in its acts, a commission composed of Republicans would not be accepted as nonpartisan, a commission made up of business men and not of politicians would be partial and would determine its action according to the political faith of a majority of its members. Taking all these things into consideration there ... seems probable that the best results are to be reached as a result of the careful deliberations of a competent congressional committee influenced by public opinion and subject to review by congress itself.

At the present time strong efforts are being made, on the one hand to secure tariff revision, and on the other to maintain the present law without change for a few years more. Fortunately the large Republican majority at the coming session makes it certain that there will be no radical change in our tariff system and that the principle of protection will not be endangered. There is however a strong feeling among Republicans in favor of a more elastic schedule, which may be used to develop American foreign commerce by means of reciprocity treaties and also to a limited extent to protect American consumers from the exactions of monopolies. If these things can be accomplished without too great a disturbance of our general trade they should be done. The house committee will have important work before it, and it will be for congress to decide whether its propositions for an amendment of the tariff law should be adopted.

Congressman Grosvenor has issued a letter of explanation of his famous third-term interview, in which he claims that he was not quoted in full and that he declared: "The child is not born who will ever live to see a candidate for the presidency nominated for the third term. Mr. McKinley is ... Grosvenor ... for the support. He would tarnish the glory of his two terms by a struggle for a third."

All right. The public has no particular quarrel with Grosvenor and we are willing to agree on the verdict of not guilty, but don't do it again.

MUCH READING FOR LITTLE MONEY.

The New York World has got the cost of printing down to a minimum. Its latest offer of its monthly newspaper magazine is interesting if from no other cause than that it shows the acme of "how much for how little."

The Monthly World is a 32 page magazine with colored cover. Its pages are about the size of the pages of the Ladies' Home Journal and it is copiously illustrated in half tone. The illustrations are the result of the best artistic skill, aided by all the latest printing press appliances, making a magazine unrivaled in the quality of its contents and its appearance.

Each issue contains stories of romance, love, adventure, travel, stories of fiction and fact, stories of things quaint and curious, gathered together from all over the world, the results of scientific research, and editorial reviews. It numbers among its contributors the leading literary men and women of the day.

A feature each month is a full page portrait of the most famed man or woman of the moment in the public eye.

In collecting and preparing for publication the literary matter and art subjects for the Monthly World no expense is spared.

The New York World will send six numbers of the newspaper magazine on receipt of 15 cents in stamps. Address The World, Pulitzer Building, New York.

Review of Ocean Liners.

What the Miner is Not Paid For.

As ... the remarkable for the ... method by which I was ... says Percival Ridsdale in a ... interest ... in ... Leslie's Popular Monthly for June ... at the No. 6 shaft of the Pennsylvania Coal company ... I was ... the ... seemed the only way ... I was also ... However, that the flooding of the No. 6 ... had ... two ... and connected collieries and the ... with water ... extending over an area of 200 acres below the ... level could be reached. The ... of this task appalled the officials and ... way out of the ... of ... all of which were deemed impractical, a plan was proposed that promised well. It was to build a big dam in the main slope leading to the fire and block up various outlets, ... was ... in the face of the fire. In the dam was placed a large trap door opening toward the fire and held ... by ... heavy chains extending to the surface. The ... was then filled with as much water as it would hold—about ... gallons—the trap door was opened and the water rushed like a cataract down the slope and, carried by its own momentum, washed over the fire and then trickled back ... to the top and the base. The dam was filled and discharged every 12 or 15 hours, and this was continued until the fire was so subdued that workmen could go up to ... the burning coal and rock until they completely ... it ... effectively with hard ... In this way in six weeks, a fire was extinguished that would have taken a year or more to put out by the ordinary process of flooding.

British and American Ore Transport.

It is an absolute fact, such is America's advance in the movement of traffic on railroads, that it does not cost the Carnegie company more to take their ore from Lake Erie to Pittsburg, a distance of more than 150 miles, than it does in Wales the short distance of a little over 20 miles. The powerful Carnegie engines of 175 tons weight take from the lake port to Pittsburg 25 wagons carrying 50 tons each of ore, 1,250 tons at one time, the tare of these 50-ton trucks is only 15 tons each, the total dead weight being 2,140 tons. If this 1,250 tons was required to be sent, say, from Newport to the Blaenavon or Ebbw Vale works (and about the same would apply from Cardiff to the ...) ... 125 trucks, the tare of each being five tons. The engines employed could not take right through to works more than 150 tons each of ore in 10-ton trucks, so that it would require 16 engines and 32 men, with a dead weight of ... trucks and engines of about 3,500 tons, to do the conveyance of the load which is done in America with one engine and three men only. This is the kind of thing that goes on (more or less) to ensure ... and quantity in all departments from the mine to the ... in America.—J. F. Phillips, in The Engineering Magazine for June.

HEAVY TOURIST BUSINESS IS ON

Railroads Have Brought Many Hundreds of Visitors to Pike's Peak This Week.

Nearly a thousand tourists have arrived in Colorado Springs since the excursion rates from the east went into effect on all the big lines last Tuesday. The traffic on the Rock Island and Santa Fe lines has been particularly heavy. A majority of the travelers brought into the state have come directly to this vicinity.

Most of the tourists are spending their time in Manitou and taking in the various points of interest hereabouts. Many of them have already gone to the top of Pikes Peak and Cripple Creek has received its share of visitors over the Short Line.

The Short Line will run special tourists' excursions to the mining camp of Cripple Creek this summer. The round trip rate to the gold camp on these excursions will be $ — this rate going into effect next Tuesday. The following dates have already been announced for these excursions and others will follow: June —, July 9 and 23, August 6 and 20 and September 10.

Among the large excursions to be run to Cripple Creek will be those arranged for various Epworth League delegations passing through here for California between July 11 and 13.

Plaintiffs Must Pay Jury Fee in Advance

As the result of the loss of a large amount of money annually through the fact that the district clerk is powerless to collect jury fees Judge Seeds announced an important rule yesterday in the civil division of the district court. Hereafter plaintiffs in all civil suits must deposit in advance a jury fee of $ to make sure that the county will not lose the money.

— — representations of Mr. Thomas, district clerk. He stated that the expense to the county of maintaining juries in attendance is enormous, amounting to thousands of dollars each year. He said also that he is powerless to collect jury fees unless they are paid before the cases go to trial. Often parties to suits settle cases out of court and the county is out the jury fee, although it is always charged in the books of the clerk's office.

Mr. Thomas says that probably $ — for such fees is due the county for the past 10 years. The books show — that amount.

In the county court yesterday Mrs. — gave notice that on Monday she would present a motion to set aside the nonsuit ordered by Judge Hubbard in her divorce suit against her husband, Rollo H. C—ster.

The case of Brennan v. Herman was on trial in the district court and the trial was continued until today.

List of Successful "Exam" Candidates

During two days of this week about 4— candidates for places in the Colorado Springs schools have been taking examinations at the High school. The papers have been checked over and the successful candidates so far as the examinations are concerned are Brown. The fact that — has been successful in passing the examinations does not assure a position in the schools, the passing of the examination merely making the applicant eligible in case — vacancy occurs or additional teachers for any other reason are required.

The following list of persons who have succeeded in passing the examinations was made up yesterday:

Anna E. Gibbs, Jennie W. Keiser, Mary A. Weller, Agnes Wittsto—, Dorothy Bessick, Mary E. Poley, Emma L. Simpkins, Margaret Stewart, Mrs. Lena M. Hood, Mrs. Jamie E. Wilson, Foster M. Marie, Anna Bolcher, Eva Shannon, Ida A. Rider, Mary Welborn, Juli— D— vall, — M. Loper, Mrs. Sulsa D. Coffin, Martha E. Stockdale, Ruth B. Lutz, Alfreda Jones, Sarah W. Eastman, Virginia Hance, Nellie A. Barr, Lois — Barr.

Women's Day During the Quarto-Centennial

One of the three days, August 1, 2 or 3, the dates of the Quarto-centennial celebration in this city, will be set aside as Women's day.

While nothing has been decided as yet in regard to the program it is probable that the ablest and most noted among the many very bright women in Colorado will participate in a grand mass meeting. It is safe to foreshadow that the day will be made the attractive feature of the celebration.

Mrs. C. A. Eldredge, chairman of the committee of arrangements, has just returned from a trip to the Marcos region. She has called a meeting of the committee having the day in charge for Monday next at 11 a. m. at her home, 18 East Willamette avenue, and definite announcements can be made thereafter.

TO CURE DANDRUFF.

It is Necessary that the Dandruff Germ Be Eradicated

Destroy the cause, you remove the effect. Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff and your hair must grow luxuriantly. Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destroying the dandruff germ, and none other — — — It is only recently that destroyer of the germ has been discovered—Newbro's Herpicide, the only hair preparation that actually kills dandruff.

MR. CRAMPTON'S SUMMER TERM

George Crampton will receive pupils in voice production and singing during the summer at Perkins hall.

Classes in sight singing will be formed to which pupils will be admitted free.

Applications for an appointment may be made to 24 East Dale street.

Mr. Crampton can be seen personally on Mondays, Tuesdays, Thursdays and Fridays, 11:30 to 1 and 2:15 to 3 at room 10 Perkins hall.

CAMPANELLA CIGARS sell at 5, 10 and 15 cents, all the same quality of goods but differ in size.

HARDSHIPS OF THE DOMESTIC

Sheldon Union Decides That They Exceed Those of Mistress.

LIVELY DEBATE LAST NIGHT

Girls and Matrons Discussed a Momentous Question— — at Second Congregational Church

Training schools for servants have often been discussed at great length at women's clubs at the home and elsewhere but a far greater — could be accomplished if we had training schools for mistresses."

This was one of the hot shots in the debate at the Sheldon union last night. Resolved: That the trials of the servant are greater than those of the mistress.

The Sheldon union, as the servant girls' organization is called, held a literary meeting last night at the Second Congregational church. It was well attended not only by the girls but by several mistresses and a number of delegates from the Federated Trades council. The debate was the principal topic on the program.

Speaking for the affirmative Miss Dunlap said that one of the greatest trials of servants was the fact that all of them were given the poorest, smallest and most uncomfortable room in the whole house.

Often the servant has to live in the cellar with the vegetables, kindling wood and coal or in the attic with the cast-off furniture and old rubbish. There is not a single thing to make the room comfortable after a hard day's work.

Then again a servant craves friendship just as any normal young person does. She has no place to entertain her friends but in the kitchen or on the street. Quite naturally she is ostracized from the companionship of the best people.

The Christian mistress believes in missions, talks for them and supports them, but it never occurs to her to do missionary work right in her own home. The mistresses say that it is such a trial for them to have a servant who does not know everything that they do not know. This reminds me of a certain servant girl who applied for a position, stating what wages she desired and her qualifications for the position. "But you are inexperienced. How can you ask so much?" replied the mistress.

"Sure mum," replied Bridget, "isn't it harder for me to do these things when I don't know how?"

When a woman employs a young girl to work for her the first question usually asked is, 'how strong are you?'" said Miss Edith Dowty in presenting the same side of the argument. "A girl is expected to have the endurance of an iron machine and no more sensibilities than a machine, either. In truth a mistress doesn't want an intellectual servant. The mistress employs her servants on the same conditions that — southern planter bought his slaves before the war—physical strength. It is because of the hard heartedness of these women employers that girls prefer to do most any kind of work rather than be under their domination.

"In no other employment, not even in the jails and reformatories, are the hours of work so long as those of the servant girl. And Sunday, when all the world rests, she works doubly hard in preparation of the Sunday feast.

We are trying to solve the problem that has vexed these several generations past. We believe that with time and perseverance servants can do for themselves what other tradespeople have done. All work is dignified if you yourselves dignify it and that's what our union will accomplish for us."

The speakers for the other side of the question were both at one time servants but are now mistresses in their own homes and their arguments had a decided leaning to the other side of the question.

"One thing I would like to impress on all you girls is this: that the relations of servant and mistress are purely of a business nature and that it is an intrusion for a servant to think that she should be admitted to the table and in the sitting room as one of the family. Often the meal hours are the only times that the family can be together during the day and no one cares to discuss family affairs before comparative strangers and it seems to me that no dignified woman would care to intrude on the privacy of the family. Servants too often gossip about all the things which they may overhear. The only settlement of the problem is for the mistress and the servant to co-operate for the good of the entire household."

E. J. Brittan, Miss Ione Dunlap and Miss Amelia Smith were the judges. The affirmative side won the decision.

John Nelson, president of the Carpenters union, was present and made a brief address.

"In many respects this is the most unique labor union I have ever heard," said Mr. Nelson. "In the first place your meeting place in a church is most unusual and I think very commendable. Any union that will try to follow in the footsteps of the humble Nazarene will surely prosper. Wages and hours and strikes and lock-outs are not the most important thing for us laboring people."

Rev. Ormes of the Second Congregational church and O. Perkins of the Federated Trades council also addressed the union.

Action to join the state and national Federation of Labor was postponed on account of technical reasons.

BATES IS ALIVE BUT HASN'T YET SPOKEN

Wilson Bates is alive and well but has not yet explained to his relatives the reason for his strange flight from this city early last Monday morning. When last heard of Bates was at Littleton on his way to Denver.

Bates, who is — years old, started from the home of his brother in law, Frederick Parsons, No. 1322 South Tejon street, on a wheel for Williams ranch below Fountain. He did not reach his place of employment and as he had said nothing about going away, the members of his family at once suspected foul play. He had about $15 in his possession when he disappeared.

The disappearance was telegraphed all over the state by Sheriff Goddard. Yesterday morning word was received from Littleton that Bates arrived at a hotel there Wednesday morning and — — — — to Denver.

THOMAS TAYLOR IS HELD IN $500 BAIL

Thomas Taylor, colored, who is accused of — — — from Venetta Diggs on a Rio Grande train, was held in $500 bail for trial in the district court by Justice of the Peace McC— — yesterday. Taylor waived examination and went to jail in default of bail.

Miss Diggs came up from — — yesterday and says she is sure Taylor is the thief. The capture of Taylor followed half an hour after he is said to have jumped from the train after stealing her watch.

BUILDING GOLF LINKS AT MANITOU PARK

The golf links at Manitou Park are rapidly being put in fine shape and low scores are looked forward to in the cup tournament. Dr. Bell's cup will be competed for during the week of the hurdle and steeplechase meeting in August.

"The doctors told me my cough was incurable. One Minute Cough Cure made me a well man." Norris Silver, North Stratford, N. H. Because you've not found relief from a stubborn cough don't despair. One Minute Cough Cure has cured thousands and it will cure you. Safe and sure. Hefley Arcularius Drug Co., C. F. Smith, 117 S. Tejon st.

TRUSTEE STILL IN CHARGE

The trustee's sale of fine newly trimmed hats at — $3.50 and $5.00 at Polin's is creating a great amount of excitement among saving and economical buyers.

Mr. Murson, the trustee, says they are selling as fast as the force of milliners can make them up and that soon all the material left on hand will have been disposed of. Another attractive feature of the trusteeship is the sale of 100 odd wash waists, all new styles, at from 50 cents to $2.00 and which formerly sold at about double. Polin's is 115 South Tejon.

Wonderful thing that is the quality of the CAMPANELLA CIGARS.

Return of the Old Maids' Convention

The ladies of — — circle, Women of Woodcraft, will give the entertainment, "The Return of the Old Maids' Convention," at the Temple theater Wednesday evening, June 26.—Admission — cents.

Mr. James Brown of Portsmouth, Va., over 60 years of age, suffered for years with a bad sore on his face. Physicians could not help him. DeWitt's Witch Hazel Salve cured him permanently. Hefley Arcularius Drug Co., C. F. Smith, 117 S. Tejon St.

CAMPANELLA CIGARS sell at 5, 10 and 15 cents, all the same quality of goods but differ in size.

What Do You Do at YOUR House When You Want Hot Water?

Yes, but wouldn't it be nice if you didn't have to stop to heat it—if you had plenty of it any time of day or night?

You often want hot water and you want it quick—Washday, Bakingday, Cleaningday, EVERY day, ALL day—and often in the night. How to get it? That's easy. Put in one of our Water Heaters. It goes in the basement, is easy to run as a stove. Perfectly safe. Expense of running is a trifle. The first cost is comparatively small—and THINK of the convenience and comfort!

Call and see us or drop us a postal and we will come and tell you all about it.

OCEAN WAVE OF MODOC CO.

Sinking on New Shaft Does Not Curtail Production---Blue Bird Shaft Down 960 Feet---Xmas and Whisper Shaft.

Special to the Gazette.

Cripple Creek, June 21—The new shaft which is to be sunk to a great depth on the Ocean Wave claim of the Modoc company has advanced to the point where the surface improvements [illegible]. A [illegible] temporary steam hoist will be installed by the first of next week, when sinking will be resumed. After the hoisting plant up to date in every respect will be erected as soon as the shaft is well started down to the 1,000 foot depth. The production from the old workings is being [regularly] maintained [illegible] 20 carloads of ore [illegible] out. The old shaft is an [illegible] and does not provide adequate facilities for hoisting from any greater depth than the workings have already been sunk. The regular monthly dividend of $5,000 is being paid while the improvement work of putting down the new shaft is going on.

The contractors sinking on the shaft of the Blue Bird on Bull Hill have completed the work to the 960 foot depth and the shaft will be ready to turn over to the company by the first of next month. The company will carry on extensive development [illegible] laterals from the 1,000 foot point and expects to enter the body of ore [illegible] which was cut near the 500 foot point. Regular shipments are expected before the end of July.

[illegible] are operating a lease on the [illegible] maintaining a slow production and carrying on some effective development work. The development [illegible] at the 600 foot level where a vein has been opened that [illegible] good values near the surface. The vein is showing an improvement with the work which is prosecuted and the values [illegible] to pay, indicating that the permanent shoot will be entered in a couple of weeks. From two to three carloads of ore from the south vein is being shipped every week.

[illegible] Summit Allison and Meyer operating the Whisper shaft of the Gold Sovereign, have sent out three carloads of two ounce ore this week and expect to ship two more tons [illegible]. The ore [illegible] from the Gold Sovereign and the Dante leases in about [illegible] quantity. The lessees expect to resume sinking shortly and will also prosecute development work in the [illegible] workings.

Contracts for 150 feet of work have been let by [illegible] Hoffman working the Little Caddie on Big Bull mountain and work will be commenced on them as soon as possible. A crosscut of 100 feet and 50 feet of drifting will be done at the 150 foot level. The lessees will soon have installed a compressor and machine drills will facilitate the development work.

The shaft on the White lease of the Trachyte is nearly completed to the 500 foot depth and crosscutting will be commenced next week. The upper levels are yielding good ore and the dump is being washed for values. The output will probably be doubled during July.

A shipment of 15 tons of three ounce screenings was sent out yesterday by [illegible] from [illegible] Vindicator. The station at the 300 foot level of the Accident claim adjoining the Red Spruce has been cut and [illegible] work consisting of crosscutting for the Red Spruce vein and cross veins from the Pointer will be commenced at once.

The Isabella company has granted leases on two of its dumps that are found to be paying propositions. [illegible] W. J. Murray will work the Buena Vista dump and Babbitt Bros will save the values from the Smuggler dump.

[illegible] & Mining leasing the Cardinal on Gold hill have struck another rich small streak. The ore is in a two inch body and gives average assays of over $300 to a ton. The vein has opened at a depth of 50 feet. A shipment from this lease consisting of from 15 to 20 tons of two ounce ore will be forwarded next week.

ORE RUNS $2,000 PER TON

Michigan People Credited With an Important Strike---In the Property of the Cripple Creek and Colorado Company in Gold Hill.

[illegible] H. I. [illegible], superintendent of the Cripple Creek and Colorado company's property on Gold hill reports finding ore in the property running from $[illegible] to $2,000 per ton. This property is owned by a Michigan company of which Gov. A. T. Bliss is president and Alfred O. Crozier of Grand Rapids is vice president. Their shaft is down 340 feet and two large parallel veins have dipped [illegible] on the south slope of Gold hill, being one of the best located ground in the district. It is surrounded by the [illegible] Mint and [illegible] Portland, Gold King and Mary McKinney.

The working shaft is being sunk in the center of the property near the junction of a porphyritic dike and an andesite dike from which radiate several veins which have produced heavily in adjoining properties. From the trend of the ore it would indicate that the same vein from which lessees on the Grand View are producing steadily has been opened, the workings of the two properties being only 200 feet apart.

The property was purchased recently from the Zelter house company by the Cripple Creek and Colorado Mining and Milling company. The deal was closed a few days ago and the purchase price for this and other property $[illegible] was paid over in this city by Mr Crozier. [illegible] funds for development work and will push development on the property vigorously.

GOLD COIN AND MARY M'KINNEY

Most favorable information continues to come in concerning those two well-known Cripple Creek mines, the Gold Coin and Mary McKinney.

When the Gold Coin shaft reaches the 1,400 foot point crosscuts will be run in [illegible] and it will make the deepest working shaft in the Cripple Creek district and all indications point to as good or better ore bodies at that depth than are found in the upper levels of the property.

Yesterday a [sensational] shipment of sacked ore which comes from the 1,[illegible] foot level of the [illegible] sets the rate of $560 per ton and the ore comes from the streak of high grade which was opened up in the 1,100 foot level some time ago and was sent out in order to get a line on the shipping values of this ore body.

The product from the Mary McKinney is being held steady at about 100 tons of ore per day which is slightly increasing in value.

From the Ross lease on the Republic a tonnage of about 25 tons per day is being made from the bottom level of [the] workings.

The Mary McKinney company has drifted for a distance of [illegible] 250 feet [illegible] on the main ore shoot in the [illegible] foot level. The values of large [illegible] have proved excellent along this work and the ore body has widened out in places and generally the values have increased which showing would indicate that the best ore from the Mary McKinney is still to be expected.

The pumps are hoisting a large amount of water [though] the flow is not nearly so heavy as was the case about a month ago. The Doctor Jack Pot Morning Glory shaft which is down into the hill for about the same depth as that of the Mary McKinney is [now] making about one third as much water as the latter shaft.

GOLDSTONE CREDITORS MEET

[illegible] of the Goldstone Mining and Milling company most of whom have become creditors on account of being the holders of spurious stock that was illegally issued by the former secretary held a meeting in this city yesterday to appoint a committee which is to confer with a similar committee that has been appointed from the valid stockholders.

The creditors selected the following gentlemen to serve as their committee: Messrs. Arthur Cornforth, D. D. Loyd and J. S. Tucker. These gentlemen are to meet the other committee which is composed of Messrs. George Rex Buckman, W. W. Shemwell and J. W. Wright. These two committees will meet and confer on Monday afternoon to evolve a plan of reorganization of the Goldstone Mining and Milling company. This plan of reorganization seems to be the most feasible way of arriving at a satisfactory settlement of the company's tangled affairs that have arisen from the over issue of so much stock.

The two committees will submit their plans of settlement and reorganization to the approval of the stockholders when they meet at some future date.

EXTENDING POWER LINES

The business of the Colorado Electric Power plant whose big plant is located at Canon City, seems to be always on the increase.

The management is now considering the extension of its lines from Canon City to Florence, a distance of eight miles, where electric power is in good demand.

It is almost certain that the electric line will be extended to the beautiful little town in the valley and where power is to be supplied to the Union Gold Extraction and National reduction plants, the Rocky Mountain smelter, the Florence Lighting plant and for the new electric road now being constructed. The [illegible] has nothing to do with the railroad except supplying the power for same.

In Canon City the business of the company continues to grow as well as in the valley generally. In Canon City the company fills the city contract and supplies all lights; recently a large ice plant was added to those taking power as well as the railroad shops, planing mill, foundry and large zinc smelter.

The zinc smelter will be quite an addition to Canon City's industries and was located there principally because of the nearness of the power plant and the facility with which power could be obtained. It is now being constructed and it is expected to be running before long. Very large quantities of ore are already on hand awaiting treatment [illegible] from Leadville and other points.

NATIONAL IS OUT OF DEBT

The National Mining, Tunnel and Land company is out of debt.

Not so very long ago the company owed several thousands of dollars. The total was about $11,000 of which amount $10,000 was on a note held by W. A. Otis and company and the remaining $1,000 represented an overdraft.

The funds to pay off the indebtedness were secured from the sale of 200,000 shares of stock which were offered pro rata among stockholders at four cents per share. The capitalization of the company was recently increased from 1,500,000 to 2,000,000 shares and there now remains about $150 and 200,000 shares of National and some Mariposa stock in the treasury.

Lessees are working on the property and are now saving ore for shipment. This fact together with the news that the company is out of debt had a good effect on the price of the stock which advanced yesterday one half cent per share.

National is up for listing with the preferred prospects on the Colorado Springs Mining Stock association. The attorneys who had to pass upon the company's affairs for the exchange have acted favorably.

OFF TO THE SAN JUAN

A party of eight [illegible] of local and eastern mining men left Colorado Springs yesterday en route to Silverton and other points in the San Juan mining region for the purpose of looking over various mining properties in which they are interested with a view of starting active operations on a large scale.

The members of the party are Boston capitalists who are stockholders of the Freeport and Cripple Creek company, which has extensive holdings in the San Juan in addition to property in the Cripple Creek district. They are accompanied by W. B. Boardman, a [illegible] interested in the company.

The Freeport and Cripple Creek company owns the Ransom and Acme groups situated in Eureka gulch near Silverton. This property comprises 40 acres of producing property and the season's work is now in progress.

It is the intention of the company to erect a mill at once and a test run will be made at the smelter under the direction of Mr Boardman to determine the best method of treatment.

Several different propositions in the San Juan in which members of the party are interested will be gone over.

MINING NOTES AROUND TOWN

The Cardinal owned by a company of the same name and of which Judge J. J. McFeely is the president and manager, has entered the list of shippers. The property has been worked by the company and by lessees for six years and a little ore was taken out which went good pay. Dean & Mining secured a lease on the property about six months ago but up to a few weeks ago ore could not be found in paying quantity although assays were obtained from time to time running better than $50 a ton. In a crosscut run at the first or fifty foot level a rich vein was entered a few days ago and in a drift run south on this lead nearly three feet of quartz has been opened up. Along the hanging wall there is from three to four inches in the breast that assayed today at the rate of $344 a ton. Two and one half feet of this quartz averages from two to three ounces. A twenty ton shipment will be sent out tomorrow which will run at least $45 a ton. The shoot has been drifted on about thirty feet.

SECRETARY OF GOLDEN CYCLE MAKES OFFICIAL STATEMENT

[illegible] June [illegible] 1901.

[illegible] the Golden Cycle suffered a destructive fire which consumed entirely the shaft house, office, store rooms, machine shops and washer, besides burning out the shaft timbers to a considerable depth. Fortunately the great double hoist and fine new tubular boiler (worth $75,000) were saved, as through a miracle, for the shaft house was separated from the engine house by a space of six feet only.

The new manager of the company had recently increased the insurance by $11,500, making about $30,000 in all, which will be sufficient to cover the loss on buildings, machinery and supplies and but for the damage to the shaft the company could continue production in a few weeks. Under the circumstances it may be three months before all things again move smoothly.

Plans are now being drawn for new buildings which will be more commodious and better than those burned. Construction will be pushed with all speed.

While this enforced delay in dividends is deplorable stockholders have no reason to feel discouraged because the mine is full of ore. Over 12,000 tons are in ore stope alone ready to be taken out and shipped when the shaft is repaired. Yours very truly,

L. J. Hill, Secretary.

A NEW HOIST FOR THE ECHO COMPANY

J. M. Allen of the Echo Mining company went to Cripple Creek last night to make arrangements for the installation of a new electric hoist to be put on the Echo property. The new hoist will be good for 500 feet of sinking. The latest reports state that the shaft is now down 85 feet. In the bottom of the shaft there is a streak of quartz that is characteristic of the hill on which the property is located and is worth [illegible] good assays are being obtained. The property adjoins the Little Nell ground and development work will be directed to the opening of the extension of the vein of that company. The vein has proved quite productive in this adjoining property and at no great amount of depth. The ground is being worked on company account and any ore found will all go to the treasury of the company.

MISSOURI LESSEES HAVE FOUND A NEW VEIN.

It is reported that McConaghy and associates who are working a lease on the Missouri operating through the Good Will tunnel have made a good strike in the tunnel level.

The ore body is said to be an entire new find consisting of 18 inches of quartz liberally sprinkled with sylvanite. The whole of the streak is said to be good for from $40 to $[illegible] per ton without sorting.

At the local offices of the company the officers stated that they had not received any details of the new strike but it is the general opinion in camp that the discovery is of considerable importance.

GUNNELL WINS HIS CASE

Judge Gunnell and incidentally the Portland Gold Mining company has won his case before Judge Hallett in which he showed the unconstitutionality of a certain Colorado mining law.

The case came up for trial on Thursday and was brought by Mrs Foster who some time ago fell down an abandoned mining shaft on Portland ground and was quite severely injured. A minute examination of the law convinced the court that the section requiring mine owners to board over old shafts and fence them around is in reality a "rider" and does not properly belong to a bill whose title shows it was passed for the purpose of establishing a department of the state [illegible] out in substantiation of his decision that the state constitution requires that the title of a bill shall clearly express its purpose.

According to the court decision there is no law upon the statutes requiring mining companies to cover abandoned shafts. There are hundreds of old shafts open in every mining camp of the state.

Judge Hallett rejected the claim for damages on the ground that one of the clauses of the act providing for the establishment of the state bureau of mines is unconstitutional.

BRADSTREET'S REVIEW

New York, June 21—Bradstreet's tomorrow will say:

The situation is one of sustained strength in some lines and further improvement in others. The crop situation of course remains the main object of interest and this on the whole is a good one, although too much rain in the south Atlantic states and too little in Texas with lack of warm weather for corn in the northwest have constituted exceptions to otherwise favorable advices.

Chicago reports some good orders for steel rails in the market with $30 demanded where business has actually been consummated, an advance of two dollars on the week. Plates, bars and structural hardware is in enormous demand the country over and wire and nails are especially scarce. There is even a better feeling in the southern pig iron market.

Failures for the week number 184 against 182 last week and 187 in this week a year ago.

Failures for the week in Canada for the week number 2[illegible], against 17 last week and [illegible] this week a year ago.

R. G. DUN & CO.'S REVIEW

New York, June 21—R. G. Dun & Co's weekly review of trade tomorrow will say:

—Increasing distribution of merchandise particularly in territory beyond the Ohio river including the far north is the feature of the general business situation and tells of widespread prosperity and confidence. The railroads are carrying more goods that may be classed as luxuries than ever before and in spite of Wall Street's slightly higher money market there is no fear on this score in any line [illegible] that the [illegible] good; there is less trouble from disagreements with labor and the cotton market has recovered slightly. Large sales of Bessemer pig reported last week have since been denied and foundry iron is now the favorite especially at southern points. No alteration is recorded in prices aside from a moderate reduction in grey forge.

No decrease is seen in shipments of boots and shoes from Boston, forwardings continuing far in excess of other years, but actual production of the shops is slightly reduced and there is less new buying offered.

Wheat crop conditions are improving and in some states winter wheat is being harvested. No severe drop in quotations is anticipated for the crop is by no means beyond danger in the northwest and even a yield equal to the largest estimate may be required if the most gloomy foreign fears are realized. In three weeks exports from Atlantic ports have been 10,[illegible]076 bushels against 8,85[illegible] bushels last year and 6,504,[illegible] bushels in 1900.

For the last week the movement from the eastern seaboard does not show the usual gain over last year but Pacific shipments were [illegible] bushels against [illegible] 435 in 1900.

Failures for the week numbered 193 in the United States against 174 last year and 21 in Canada against 15 last year.

THE COLORADO SPRINGS MINING STOCK EXCHANGE

Colorado Springs, June 21.—The market opened this morning in a healthier tone than that which it had closed in the day before. There seems to be a good demand for the better class of stocks. The trading which was heavier than it was the day before, was evenly distributed throughout all departments, a little more on the preferred prospects than in any of the others.

In the mines trading was begun with Butterfly at 40. Elkton was stronger at $1.77½. Gold Dollar held its own at 19 and Portland was $3. In the preferred prospects the three stocks that were the most active were C. C. Columbia, Eclipse and Mollie Dwyre. C. C. Columbia was stronger and went up ¾ of a cent during the call. Forty-nine thousand shares of Eclipse changed hands. While Mollie Dwyre was weak at the close of the previous call, it was steady on the morning call and active at 6¼. The rest of the call was featureless.

The market upon the afternoon call even showed better indications than that of the morning call. Trading was better and the prices in many particulars were better. In the mines Doctor-Jack Pot showed considerable activity. There was a cent or more between the price of the regular sales and the seller 30 stock. Elkton climbed up to $1.78. Golden Cycle, which was active on the first call at 62½, continued so in the afternoon. There were considerable selling orders by the timid stock holders since the extent of the damage from the fire is known. On the last call it weakened to 60. In the preferred prospects C. C. Columbia made a good advance and closed at 23¼, which is a cent over the closing of the day before. Eclipse also made a good mark and closed strong at 16¼. German-American, upon the report of a strike, closed 5¼, strong. Mollie Dwyre made a fractional gain. In the unclassified Gould was the strongest stock of the call at 15½, seller 30.

The total amount of sales for the day was 470,000, for which the cash value was $51,400.

EASTERN MARKETS

New York, June 21.—The prospect of a better bank statement tomorrow than has been expected caused a more cheerful feeling in the stock market today. Advances were quite wide in some quarters of the market and there was an appreciable increase in the interest in the market the dealings again rising over the half million mark. The apprehensions which have been felt regarding the effect of the week's gold exports were all evinced by the presentation of the preliminary statements of the cash movements which showed that several factors had co-operated to offset the outgo of gold. The most important of these was a large influx of cash attracted from the interior by the harder money rates here. This movement has apparently served to offset the drain to the sub-treasury and left a margin of gains for the banks of over a million dollars.

The money market was easier today. A new version of the St. Paul today had it that the block of 250,000 shares of St. Paul stock, recently reported sold to Union Pacific interests was in fact to be exchanged for an amount of Union Pacific stock estimated at an equal value thus furthering the establishment of community of interests. Union Pacific was carried three points over last night and St. Paul at one time 2 although the latter stock reacted. Reports that a working agreement had been arranged between Pennsylvania and the Wabash caused the Wabash securities to jump, the common rising 1¾, the preferred 3¾ and the debenture B bonds 4¾. Missouri Pacific also rose 2½ later in the day. Canadian Pacific 3¼, followed by some of its subsidiary lines, apparently on the hope of a strike settlement.

Railroad bonds were quiet, but strong. Total sales $4,155,000. U. S. bonds were all unchanged.

Continuous quotations on New York Stocks, Bonds, Cotton, Chicago Grain and Provisions. Wm. A. Otis & Co., 25 Giddings building.

New York Money.

New York, June 21.—Money on call firmer at 3½@5; last loan 4½, ruling rate 4. Prime mercantile paper, 3½@4½.

Sterling exchange easier at advance with actual business in bankers' bills at $4.88 for demand and at $4.85⅝@4.85¾ for 60 days. Posted rates, $4.86½ and $4.89. Commercial bills, $4.84¾@4.85¾.

Silver certificates, 60. Bar silver, 59¾. Mexican dollars, 47½.

Bonds—State, inactive; governments, steady; railroads, strong.

The London Market.

New York, June 21.—Commercial Advertiser's London financial cablegram: The stock market was supremely idle and trading drifted throughout the session with prices still sagging. Americans were idle with the rest until the last ten minutes of trading when buying orders from New York in Wabash, Union Pacific and Canadian Pacific stocks caused a pronounced jump in these shares. The better feeling was communicated to the rest of the list with the result that a fractional rise took place all around. The close was distinctly cheerful. The improvement in Canadian Pacific was interpreted to mean that a settlement of the strike is at hand. Tintos were 55¾ on Paris sales and fears of a lower dividend.

Money rates and discounts were steady. The Bank of England received £35,000 in bars and has bought £13,000 in China.

Chicago Grain and Provisions.

Chicago, June 21.—Under pressure of enormous crops the wheat market showed extreme weakness today, the September delivery closing ½c lower. September corn closed ⅜c down; September oats ¼@⅜c lower and provisions from 5@7½c to 15c down.

September opened ⅛c to ⅜c lower, at 67¾c to 68c. Under continued liquidation prices dropped to 67½, around which figure there was considerable profit taking. The low point of the day was 66⅞c, at which the market closed weak. Bradstreet reported exports of wheat and flour equal to 5,521,000 bushels against 4,791,000 last week.

Corn was dull. Selling by longs, for local account was the principal feature.

Oats were weak and dull, but with occasional spurts of activity.

Provisions were weak in sympathy with grain markets.

The leading futures ranged as follows:

	Open.	High.	Low.	Clos.
Wheat, No. 2—				
June	68¼	68¼	66⅞	66⅞
July	68½	68¾	67⅛	67
Sept.	67⅞	68	66⅞	66⅞

On the produce exchange, today, the butter market was steady; creamery, 14@19c; dairy, 14½@16½c; cheese, steady, 9@10c; eggs, stronger, 10½@10¾c.

Chicago Cattle Market.

Chicago, June 21.—Cattle—Receipts, 25,000. Good to prime steers, $5.50@6.30; poor to medium, $4.50@5.40; stockers and feeders, $3.90@4.85; cows, $2.70@4.30; canners, $2.00@2.60; bulls, $3.00@4.60; calves, $4.50@6.50; Texas fed steers, $4.25@5.40; grassers, $3.50@4.10; bulls, $2.75@3.75.

Hogs—Receipts, 18,000. Top, $6.22½. Mixed and butchers, $5.85@6.15; good to choice, heavy, $6.00@6.22½; rough, heavy, $5.85@5.95; light, $5.80@6.05; bulk of sales, $5.95@6.12½.

Sheep—Receipts, 6,000. Spring lambs up to $5.50. Good to choice wethers, $4.00@4.40; fair to choice, mixed, $3.70@4.10; western sheep, $4.00@4.80; yearlings, $4.25@4.60; native lambs, $4.00@5.25; western lambs, $5.00@5.25.

The Metal Market.

New York, June 21.—The market for tin in local circles was an irregular one. The opening was weak at a loss of about 40 points as the result of depressing information from abroad where values declined 15s, closing easy at £120 5s for spot, and £123 for futures.

A good business transpired during the day. Spelter experienced a decline of 2½ points under lack of support and in sympathy with a lower ruling of values in London. The close here was easy at $3.92½@3.97½ and in London at £17, 5s. Domestic iron markets were quiet and unchanged. Glasgow warrants closed at 53s 5d and Middlesboro 44s 4½d.

Copper locally was nominally unchanged, while in London a net loss of 2s 6d was noted, spot closing at £68, 12s 6d and futures at £69, 2s, 6d. Lead was without change.

Coffee Market.

New York, June 21.—Coffee—Spot, Rio, quiet; No. 7 Rio, 6; mild, quiet; Cordova, 8½@12½.

Buy It Now.

Do not wait until you or some of your family are sick nigh unto death, and then send for Chamberlain's Colic, Cholera and Diarrhoea Remedy, but buy it now and be prepared for an emergency. It is the one remedy that can always be depended upon in the most severe and dangerous cases. It is equally valuable for children and when reduced with water and sweetened is pleasant to take. For sale by all druggists.

Superb Service—Splendid Scenery.

En route to the Panamerican exposition—Niagara Falls, Muskoka and Kawartha Lakes, St. Lawrence River and Rapids, Thousand Islands, White Mountains, and Atlantic Seacoast Resorts, via the Grand Trunk Railway system.

For copies of Tourist publications, apply to City Passenger and Ticket agent, 249 Clark street, Chicago.

Mile-a-Minute Dash To the Seashore.

Atlantic City, Cape May and New Jersey Coast resorts are reached over Pennsylvania Short Lines from Chicago via Philadelphia. Between that city and Atlantic City regular trains over the Pennsylvania route run on mile-a-minute schedules every day, making the time with ease. Ask H. R. Dering, A. G. P. Agt., 248 South Clark St., Chicago, about quick time to the seashore from Chicago and the west.

CRIPPLE CREEK AND RETURN, $2.25.

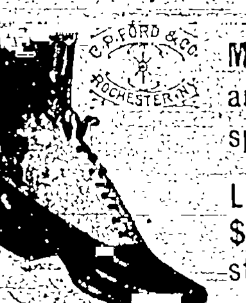

Good for five days, returning Tuesday, June 25th.

Over Colorado Midland Ry.

One fare for round trip to all state points Tuesday, June 25, over Colorado Midland Ry.

GO AROUND THE LOOP, $3.00 for round trip on Sundays, via C. & S. A good day's outing.

IDAHO SPRINGS BUDGET

More Ore Being Shipped From and More Work Being Done in the District Than for Many Years Past.

The Monarch Mining, Milling, Tunnel, Transportation and Power company have commenced work at Idaho Springs in dead earnest. A switch is now being laid from the Colorado Central track to the ground where excavation is being made for the building in which is to be installed, the largest and best equipped power plant in the Clear Creek district. The tunnel is to be 8x7 in the clear, double track and is to be pushed to a connection with the great Freeland vein, 5,500 feet away.

Immediately opposite this bore is the Clear Creek and Gilpin County tunnel, designed to cut under the Albro, La Veta and other big veins; thence on to Upper Union in District and on to Yankee hill, a distance of four and one-half miles through very rich territory.

Below this again is the Anglo-Saxon Gold Mining, Milling and Tunnel company, who own a group of 46 claims. A big four-drill air compressor plant is now being erected and the place looks very busy. This tunnel is to be 8x7 in the clear, with double track, and is to be pushed into the mountain 9,000 feet. The territory covered by this company is very highly mineralized. Samples of ore recently taken from some of the veins run as high as $150 and $200 to the ton. The W. R. Foley Investment company, who have been very successful operators in Cripple Creek, are pushing this enterprise and have had very severe tests made as to its value and merit as a paying investment. Nat Wilson, lately with the Moon-Anchor, has charge of the work until it is in shape; he also is greatly impressed with the possibilities of this district in particular and Clear Creek in general.

Almost adjoining the Anglo-Saxon group of mines is the very valuable group of 42 claims, owned by the King Edward Gold Mining company. This company is financed by Riedel, Torrey & Co. and James L. Lindsay. It has a very bright future, running as it does into the same territory as that for which the Newhouse tunnel is heading. Some of the ore taken from veins owned by the King Edward company will run as high as $200, while large bodies of mill dirt are the rule, and mill dirt is what has made Clear Creek famous. The Great East, Great West, Mountain and Summit claims, belonging to this company, are known far and near on account of the size of the veins of ore running from $74 to $78 per ton, at 50 feet of depth. These will be cut in the Torrey tunnel at very great depth; it is estimated from 1,200 to 2,000 feet. Meanwhile, in doing recent work, heavy lead and copper ore has been uncovered and in the tunnel three veins have already been cut, one of which shows three feet of mineral.

The Torrey tunnel has been straightened, water box put in and 16 pound rail laid. The work is a credit to the company and the management. Meantime work is being done on the breast of tunnel day and night and new discoveries are now in order.

Opposite here again is the Toll Tunnell, controlled by Professor Carpenter, who is engaged in prospecting the ground preliminary to doing heavy work there; in fact, it was this territory which first induced Professor Carpenter to erect the Golden smelter (pyritic); in fact, he himself informed the writer that there was good money in ore valued at $6.00, if that is so the properties above-mentioned alone can keep his smelter running, even though he can use 500 tons per day, and even though the ore has to be worth $12 instead of $6.

The Dover mine, at the mouth of Fall river, looks well and Manager Ellis reports good ore in the shaft. The owners are Pittsburg people and they are going to sink 600 feet and drive 2,000 feet. Look out for the Dover with a little more depth.

Representative Stubbs of Denver was in Idaho Springs, looking over the Perkins Consolidated Gold Mining company property, in which he is interested. Mr. Stubbs thinks they have a big property, and they have. One vein is over 20 feet wide and will assay $5 all the way across and this at surface; other values in other places run away up in the hundreds of dollars per ton. They are driving the Perkins to connect their group and have all their good territory in front of them. Nevertheless they have already cut some good things as a visit to the tunnel will prove. Mr. Stubbs was astonished at the activity shown in the mines of Idaho Springs.

There are several big consolidation schemes on the tapis, and various names are mentioned such as Gem, Gem Extension, Amy C., Franklin and Freighted Friend and also Crown Point and Virginia. This is big talk and there may be something in it.

The Centurion Gold Mining company, on Trail creek, have a pretty group of claims and they have just acquired, by purchase, four more; one of these is going to cause excitement, too, as it has a fine body of ore in sight. The Centurion tunnel is being pushed night and day and the first contracted 50 feet was paid for last Saturday. A lode is just now coming into the breast of the tunnel and it may be the Iron Mask; it may be the Miner's Dream, or perhaps one not yet before discovered, who knows? We do know, however, that Donaldson mountain is rich and a vein struck anywhere in that mountain is entitled to respect. Messrs. Russel Prentice & Co. are financing this company. It is all right territory.

The Donaldson Mountain Gold Mining company is another large group being opened up above here. Several claims have been purchased and the work done on many others. It is hard to find much vacant territory any more on that hill; not strange either when we consider that the Stanley, record $5,000,000; Gladstone-Cardigan, record $250,000; Lincoln, $200,000; Freeland, $3,500,000; Oneida, $650,000; Donaldson, $200,000; Champion, $350,000; Mayflower, $100,000; the Lord Byron, $200,000, and many others are all on the same hill and all in line and shipping today, not forgetting the Lamertine, with a record of $6,000,000 and still producing more, than ever before.

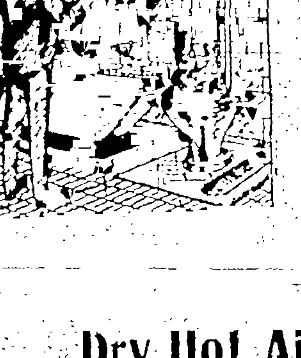

Other groups at Freeland and neighborhood are receiving much attention and the situation generally is brighter for Clear Creek than ever before in its history.

Special to the Gazette

Des Moines, Ia., June 21.—Des Moines won the last of the series with Colorado Springs and played in champion ship form. Glade was invincible in the box and the visitors could do nothing with his curves. The support given him was well nigh perfect and at the bat the locals were able to get the hits just when they were needed. Cleary's batting and his work on short were interesting features of the game, securing four hits out of four times up, two of them being two baggers. In the first inning [illegible] and put the first three on bases, filling the bags, but the visitors took a brace and retired the side, the last two men being sent to the bench on a fast double play. In the second inning Hines got a base on balls, O'Connell sacrificed and Kleinow fanned. With two men out Glade got a base on balls. Thiel was hit and O'Leary's free pass forced a man across the pan. This score was made without the least thing that even looked like a hit. In the fourth the locals [illegible] three after two were out. Glade began by fanning and Thiel went out from [illegible]. O'Leary singled and Warner's single with a bad throw to third. Law sent O'Leary home. McVicker's two bagger over left scored Warner and Warner's single scored McVicker. In the sixth the locals made it five to nothing. O'Leary began with a single and Warner beat out a bunt to pitcher. McVicker got first on fielder's choice when O'Leary was nabbed at third, but Werden singled and scored Warner. Hines hit a line to first and he and Werden were doubled up on the play, Law making a double play unassisted. Colorado Springs made their one in the seventh. Law got his first on an error, went to second on Schaefer's sacrifice, reached third on Donahue's sacrifice and came home on Whitridge's two bagger over left field fence. Hulen got a base on balls but Herron flew out to center. The score:

Score by innings:
Colorado Springs ... 0 0 0 0 0 0 1 0 0—1

Summary:
Two base hits—McVicker, O'Leary, Law, Whitridge. Double plays—Hines to Law, Law unassisted. Bases on balls—By Glade 3, by Whitridge 5. Hit by pitched ball—Whitridge 1. Struck out—By Glade [illegible], by Whitridge 6. Umpire—Mesmer. Time of game—One hour and forty-five minutes. Attendance 10[illegible].

TWELVE INNING GAME

Minneapolis, June 21.—Tannehill's errors sent two visitors to the bases in the twelfth. Ketchum reached third on the second miss and scored the winning run on Hartman's long one to McCreed. Attendance 1[illegible]. Score:

		R	H	E
Minneapolis	1 1 0 0 0 1 0 0 0 0 0 0—	3	9	[illegible]
Kansas City	[illegible] 0 1 0 0 0 0 0 0 0 0 1—	4	11	3

Batteries—Clarke and Donahue, Wolfe and Messitt.

ST. JOSEPH WINS AGAIN

St. Paul, June 21.—St. Joseph won today's game by good batting. Thomas was hit hard in the sixth and retired in favor of Cogan. Attendance 750. Score:

		R	H	E
St. Paul	[illegible] 0 0 0 0 1 0—	7	9	5
St. Joseph	[illegible] 0 0 0 6 0 0 [illegible]—	11	13	3

Batteries—Curtis, Mahon and Doolin; Thomas, Cogan and Wilson. Holmes.

LOST A FINGER

Omaha, June 21.—Omaha bunched hits today and won easily from the Denver nine, whose batting streaks were scattered. Catcher Sullivan had the index finger of his right hand torn off while trying to catch a ball on the ground. Score:

		R	H	E
Denver	0 0 0 1 1 0 0—	[illegible]	[illegible]	[illegible]
Omaha	0 0 0 1 2 0 0 *—	4	[illegible]	3

Batteries—Sullivan and Sullivan; Mc[illegible] and Gonding.

NATIONAL LEAGUE

CLOSE GAME

Philadelphia, June 21.—St. Louis could do nothing with Orth's pitching today and the locals won in a close and interesting game. Harper started in the box for the visitors but was relieved after the first inning. Attendance [illegible]. Score:

		R	H	E
St. Louis	0 0 1 0 0 0 0—1	[illegible]	[illegible]	[illegible]
Philadelphia	[illegible] 1 0 1 0 0 0—	4	1[illegible]	0

Batteries—Harper, Jones and Nichols; Orth and McFarland.

Summary:
Earned runs—Philadelphia [illegible], St. Louis 1. Two base hits—Rockenfield, McCann, Wallace. Three base hit—Donovan. Home run—[illegible]. Bases on balls—Off Harper [illegible], off Jones 1, off Orth 1. Struck out—By Orth [illegible]. Umpire—Emslie.

ANOTHER FIVE STRAIGHT

Boston, June 21.—Boston made it five in winning today, making it five straight from Chicago. Lawes [illegible] the box [illegible] the visitors to six hits [illegible] the fifth inning. Attendance [illegible]. Score:

		R	H	E
Boston	2 0 0 0 0 [illegible] 0 *—	5	[illegible]	[illegible]
Chicago	0 1 0 0 1 0 [illegible]—	[illegible]	6	[illegible]

Batteries—Lawes and Kittridge; Hughes and Kling.

Summary:
Earned runs—Boston 2, Chicago 4. Three base hits—Menefee, McCormick. Bases on balls—Off Lawson [illegible], off Hughes 3. Umpire—Nash.

SLAUGHTERED CINCINNATI

Brooklyn, June 21.—Brooklyn made 3[illegible] hits for a total of 3[illegible] bases against Cincinnati today and won in a canter. Kennedy was [illegible] and kept the hits well in hand. Attendance 1[illegible]. Score:

		R	H	E
Cincinnati	0 1 [illegible] 0 0 0 0 0 0—	[illegible]	7	[illegible]
Brooklyn	[illegible] 1 1 4 1 1 6 [illegible] *—	[illegible]	[illegible]	2

Batteries—Parker and Peitz; Kennedy and McGuire.

Summary:
Earned runs—Brooklyn 1[illegible], Cincinnati 1. Home run—[illegible]. Two base hits—Keeler, Sheckard, Dahlen, McGuire, [illegible]. Bases on balls—[illegible]. Struck out—By Kennedy 3. Umpire—Dwyer.

TAYLOR PITCHED PUZZLES

New York, June 21.—The New Yorks played good ball today, scoring a clever win over Pittsburg. Taylor's pitching puzzled the visitors and he had excellent control. Attendance 4[illegible]. Score:

		R	H	E
Pittsburg	0 1 1 0 0 0 0 0—	2	[illegible]	0
New York	0 0 0 0 [illegible] 1 0 0 *—	3	9	1

Batteries—Wilson, Phillippi and Zimmer; Taylor and Bowerman.

Summary:
Earned runs—New York 3, Pittsburg [illegible]. Bases on balls—Off Taylor [illegible], off Wiltse [illegible]. Struck out—By Taylor [illegible], by Wiltse [illegible]. Home run—Wagner. Three base hit—Bowerman. Umpire—O'Day.

AMERICAN LEAGUE

HIT LEWIS HARD

Boston, June 21.—Boston won the game in the [illegible] [illegible] Lewis was hit hard, but was steady at critical times. Dowling pitched a fine game. Attendance [illegible]. Score:

		R	H	E
Boston	1 0 3 0 0 0 0 0 *—	4	[illegible]	[illegible]
Cleveland	0 1 0 0 1 1 0 0 0—	3	10	3

Batteries—Lewis and Schreck; Dowling and Wood.

PITCHERS' BATTLE

Baltimore, June 21.—Today's game between Baltimore and Detroit was a pitchers' battle, [illegible] McGinnity had the [illegible]. Attendance 2,8[illegible]. Score:

		R	H	E
Baltimore	[illegible] 0 0 1 1 0 *—	4	[illegible]	2
Detroit	0 0 0 0 1 0 [illegible]—	3	5	3

Batteries—McGinnity and Robinson; Cronin and Shaw.

WASHINGTON EASY VICTIM

Washington, June 21.—Milwaukee won today's game by bunching hits in the second and fourth innings. Carrick relieved Carrick [illegible] after Milwaukee had batted out three singles and two three baggers. Attendance 2,5[illegible]. Score:

		R	H	E
Milwaukee	0 [illegible] 3 0 0 [illegible] 0 0—	10	14	[illegible]
Washington	0 0 0 0 0 1 0 2 0—	3	13	5

Batteries—Reidy and Maloney; Gear, Carrick and Grady.

PHILADELPHIA SHUT OUT

Philadelphia, June 21.—Inability to hit Griffith resulted in a shut out for the home team today at the hands of Chicago. Plank also pitched good ball, but most of the visitors' hits counted. Attendance [illegible]. Score:

		R	H	E
Chicago	0 1 0 0 [illegible] 1 [illegible] 0—	4	5	1
Philadelphia	0 0 0 0 0 0 0 0 0—	0	6	1

Batteries—Griffith and Sullivan; Platt and Powers.

AROUND THE BASES

The [illegible] lost again yesterday to the sober aggregation [illegible] [illegible] to have been no reason for the defeat except that it was an "off" day for the Millionaires. Glade put in an extra twist to his curves and the wealthy men could not locate the ball. The Des Moines players [illegible] Whitridge in the first inning and pounded him hard. The playing in the field and on the diamond seems to have been heartless, the Millionaires not getting wakened up until the game was lost.

The disco[illegible] manner in which the game was lost. The relay at the very close of the [illegible] inning may have taken the life out of the Millionaires yesterday. It is to be hoped that the Colorado Springs men will take a brace today in the first game of the series with Omaha. It is about time for some more victories.

There is no reason for losing hope because the Millionaire men have been defeated by the lowest team in the Western league. It often happens in baseball that the best team of a league cannot win from the poorest team—so much depends on the [illegible].

Today a new series of games will begin in the Western league. A glance at the records of the past week will show that the relative position of teams remains unchanged. The Blues still have a long lead and the Prohibitionists are bringing up the rear. Though the positions are still the same a number of teams have lost in per cent as compared with the standing Tuesday. Minneapolis has fallen from 5[illegible] to [illegible] and Omaha has come up from 523 and tied the Millers. St. Joseph, St. Paul, Colorado Springs and Denver all have lost in their average and Kansas City and Des Moines have gained. In the series just completed the Blues took three straight from the Millers. Omaha got two from Denver, St. Joseph two from St. Paul and the Prohibitionists won both of the games played with the Millionaires.

The 1[illegible] inning game yesterday between Kansas City and Minneapolis is a reminder of a game played in Denver last year. There were 1[illegible] innings played and the score was 1 to 0.

A most unfortunate feature of the game yesterday between the Omahas and Grizzlies was the accident to Catcher Sullivan. In attempting to catch a foul [illegible] he had his forefinger torn off.

It is rather a strange coincidence that each of the Boston teams has won five games straight from Chicago. Thursday's dispatches reported the fifth victory for the Boston American league nine and yesterday the National team from the Hub of the Universe won its fifth game from the fanners of the Windy city.

[illegible] Tim's yesterday morning defeated Dick [illegible]'s base ball team by a score of 1 to 1[illegible]. The game was played on the corner of Co[illegible] and [illegible].

Hulen, who was the little second baseman who always made so much fun for the spectators, has been released by Manager Hulen. The principal reason for dismissing him is said to have been that he would not take care of himself. In general he has played a good game at second and has frequently made star performances. Local fans who have received messages from Hollingsworth say that he will go to Salt Lake City to play with the Lagoons of that city. Hulen seems to be determined that his men shall do their very best and whatever may be the justice in the present case, his action in attempting to better the personnel of the team is to be commended. It is to be hoped that further changes will be necessary because the players will not take care of themselves.

50,000 sold this week. CAMPANELLA CIGAR.

NEW AMATEUR RECORD

Salt Lake, June 21.—Eddie Smith of Salt Lake established a new amateur record for one mile at the Salt palace tonight, riding the distance in competition in 1:5[illegible]. The previous record was 2:0[illegible].

It is all IMPORTED tobacco—in the CAMPANELLA CIGAR.

Eczema, salt rheum, tetter, chafing, ivy poisoning and all skin tortures are quickly cured by DeWitt's Witch Hazel Salve. The certain pile cure. Hefley Arcularius Drug Co., C. E. Smith, 11[illegible] S. Tejon St.

WILLIAMS-RYAN FIGHT WAS A DRAW

Denver, June 21.—Morgan Williams of Victor, Colo., and Philadelphia Tommy Ryan fought 10 fast rounds to a draw before the Colorado Athletic club here tonight. While Ryan landed the greater number of blows, Williams was the stronger and his blows carried more steam. In the second round Ryan landed a hard left jab on the nose which started the blood and throughout the remainder of the contest Ryan kept playing for the injured member, Williams bleeding profusely. Williams had a marked advantage in the eighth, forcing Ryan all over the ring and landing left and right repeatedly. Ryan's clever ducking throughout was a feature.

The first preliminary was between Jimmy McGuire (colored) of Denver and Kid Chambers (white) of San Francisco. Chambers was no match for McGuire and was knocked out in the second round.

Pat [illegible] of Colorado Springs and Jimmy Hayward of Chicago, both colored, [illegible] to a draw.

Dave Barry of Chicago got the decision in the sixth over Joe Greer of Lynn, Mass. Green was entirely outclassed, and while he put up a game fight, Barry had everything his own way, but was unable to knock Green out.

AMERICAN JOCKEY WON

Paris, June 21.—McIntyre, the American jockey, made his first public appearance in France today and won his only race, the Prix de [illegible] at Maisons Laffitte on Damasis at 9 to [illegible] against, beating the favorite Ismene at 5 to 2 against by three lengths.

CAMPANELLA CIGARS sell at 5, 10 and 15 cents, all the same quality of goods, but differ in size.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

CALIFORNIA FIG SYRUP CO.

SAN FRANCISCO, CAL.
LOUISVILLE, KY. NEW YORK, N. Y.
For sale by all Druggists.—Price 50c. per bottle.

Sweet Peas to Win a Handsome Trophy

The Woman's Advisory Board of the Horticultural society held a meeting yesterday morning at the residence of Mrs. W. K. Jewett. President [illegible] Harris and Secretary Horn were present to co-operate with the plans of the auxiliary.

The first thing done by the society was to appoint Mrs. D. A. Russell secretary. Several new prizes were offered. William A. Clark offered up a $5 special for the best display of vegetables. Mrs. Elizabeth [illegible] Cass [illegible] donated the same amount for the best display of herbarium. D. A. Russell $5 for the best display of flowers by children from 8 to 14 years and the same amount for a display of flowers by children from 14 to 1[illegible] years.

[illegible] silver loving cup for the finest collection of sweet peas. This prize is to be won by the same person for two years. Mrs. W. W. Williamson also offered a $5 prize for the best collection of flowers. The flower show will be held in North park during the first part of August. The society will ask the city to make some appropriation for the show.

The eradication of weeds on vacant lots and on public grounds was also discussed. A suggestion was made that, owing to the [illegible] climate here, perennials could be more profitably raised here and with less trouble than annuals.

The next meeting of the auxiliary will [illegible] Mrs. W. K. Jewett.

Colorado's Souvenir At Buffalo's Show

Ben A. Block of Denver, always a leader in anything that is for the promotion of the welfare of the state at large, is [illegible] working up one of the most attractive Colorado souvenirs that has ever been compiled. As a matter of fact there has been nothing in the history of advertising Colorado that has approached it either in completeness or in the high standard of the work. This souvenir of Colorado is being issued by Mr. Block in his capacity as state commissioner to the Pan-American exposition now being held at Buffalo.

There will be an edition of 100,000 copies of this book, 60,000 to be distributed at the Buffalo show and 40,000 to be disposed of in a general distribution in places where the best results will be obtained.

The booklet will contain several chapters each devoted to a brief concise yet complete exhibit of the resources of Colorado of some particular line. The mineral, agricultural and stock raising interests of the state will be very effectively set forth and the publication cannot fail to be of considerable value to the state and to all its interests.

One feature of the work will be a chapter devoted to personal notice of Colorado men of today. There will be [illegible] Colorado men [illegible] in the [illegible] whose careers and interests and public work will be set forth. The selection will be made with regard to the representative character of the men, no amount of money being the price of a notice in this work.

There will be a very attractive illustrated notice of the City of Colorado Springs.

The book will contain no advertising.

Two More Deals in North End Realty

Arthur W. Newton yesterday sold through the Davie Realty company to C. S. Cleveland the residence property at 1517 North Tejon street. The property is a handsome residence site and is improved with a nine room modern residence which Mr. Cleveland is buying for his own home. For a number of years Mr. Cleveland has been connected prominently with the [illegible] Banking Co. of Victor, Colo., but he has now severed his connection with that institution and come to Colorado Springs to locate permanently. He pays $[illegible] for the property which is to be his home.

The residence property at 1534 North Nevada avenue was yesterday sold by the Davie Realty Co. to Mrs. Ella Willson for $4,[illegible]. Mrs. Willson has recently come to Colorado Springs from the east and the property is purchased to be used as her permanent home. The seller is B. F. Shepherd.

Dummies Were Not Big Enough Game

A lively shooting scrape in a shooting gallery in Colorado City late last evening landed two tourists in the Colorado City jail.

Two young men, the La Fevre brothers, from Pueblo, strayed over to Colorado City to see the sights.

During the course of the evening they entered the Hotchkiss shooting gallery and began knocking over nigger babies with a target rifle.

The sport grew so interesting that the contestants lost track of their number of shots. Hotchkiss called a halt, saying he couldn't kill any more babies without pay for the fun. The marksmen claimed they had some more shots due them and so the quarrel arose. At first fists were used, but that sort of fighting soon grew too tame for the hot-blooded youths, and one of the La Fevre boys grabbed a rifle and turned loose at the wrathy proprietor. Hotchkiss fortunately was a good dodger and by the time he had jumped out of the [illegible] bullets, Marshal George Birdsall had the machine by the collar.

The brothers were given lodging for the night in the Colorado City jail and this morning they will go over the score again with Mr. Hotchkiss in the presence of the police judge.

PRIOR RECITAL WELL ATTENDED

The seventh annual recital of the pupils of Professor F. A. Prior's music school was held at the First Christian church. An appreciative audience listened to the program which was of unusual merit. The work of the advanced grade particularly reflected much credit on their instructor. The compositions of Liszt, Mendelssohn and Moszkowski were rendered in a manner that was far above the average work of the amateur.

Those taking part in the program were Misses Minnie Bland, Estella Murphy, Nellie Finegan, Azalia DeTolliver, Minnie Eastwood, Beulah White, Etta Kentz, May Pearson, Josie Curetzky, Ethel Rafield, Henrietta Lyons, Helen McCahan, Marie Gerry, McCammon Strong, Wales, Ada Carlell, Winifred Ramsey, Isabelle Brookle, Mary Flannigan and Mr. F. A. Prior and Mr. L. F. Giles.

The CAMPANELLAS in quality are all alike, the only difference is the price, 5, 10 and 15 cents.

COOKS AND WAITERS WANT MORE MONEY

[illegible] union want more money. At a recent meeting they decided to demand a uniform advance of about 20 per cent in their wages and yesterday morning they served notice on the union restaurants that unless the increase had been made by 10 o'clock Monday morning they would go out on a strike. The strike would affect 1[illegible] restaurants and about [illegible]5 employes.

There is nothing like smoking a CAMPANELLA CIGAR when you are out for a walk.

YOUNG SYLVESTER'S INJURY—The police department was notified late Thursday night that a boy had been badly bruised in some mysterious manner in West Colorado Springs. The lad was Harrison Sylvester, living on Washington avenue between Ninth and Tenth streets. When the police responded to the call he told a very doubtful tale about being knocked over, beaten and dragged by some unknown man as he was going home from [illegible]. The [illegible] was so full of contradictions that little confidence could be placed in it.

The CAMPANELLAS in quality are all alike, the only difference is the price, 5, 10 and 15 cents.

John T. Pritchard, a well known mining man of the Chloride district, Sierra county, N. M., was found dead in a shaft 30 feet deep. It is thought he fell down the shaft.

CAMPANELLA CIGARS are the best.

THE SEARCH STOPS

The Right Thing Has Been Found—A Colorado Springs Citizen Shows the Way

Once more we are indebted to a Colorado Springs citizen for a public statement that throws a bright light on a subject of ever increasing interest. Too [illegible] have been deceived by false [illegible] representations from [illegible] [illegible]. No wonder they are sceptical of all claims indorsed by strangers residing in far distant parts of the Union. It is no ongenence [illegible] [illegible] [illegible] [illegible] indorsement of our own citizens are giving their testimony, and it is an easy matter for any [illegible] to investigate the correctness of such evidence as the following:

Mr. James Niles of [illegible], Colorado street, carpenter, says: "During the fall of 18[illegible] and the winter of 1899 an attack of backache persistently clung to me. If I had taken it in the [illegible] I might have checked it, but I neglected it and [illegible] I procured Doan's Kidney Pills at [illegible] & Welling-ton's Drug store, 17 North Tejon street, [illegible] the first [illegible] but more [illegible] of the kidneys [illegible] the annoyance. [illegible] treatment cured me. I am only too glad to [illegible] the remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

Reed Block, 120 North Tejon street.

A SUIT OF WHITE.

IN every cake of Ivory Soap there are 100 complete suits of rich, creamy lather. Before dressing, put on a suit of Ivory Soap. Cover the entire body from head to foot with lather. Take the suit off with tepid water and you will remove with it all the impurities of the body which have been carried to the surface through the pores. Use a pure soap for this.

IVORY SOAP—99 44/100 PER CENT. PURE.

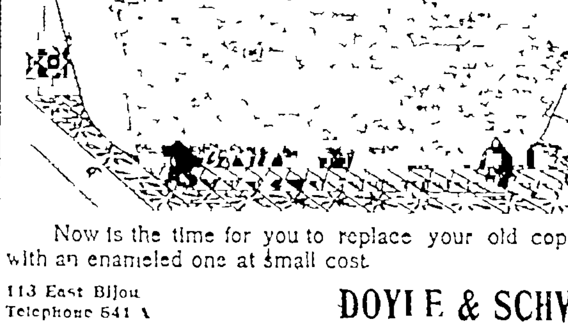

No Information on the Huerfano Slugger

The police have been unable to gain any information as to the negro who assaulted Mrs. Dilts with a baseball bat at her home [illegible] East Huerfano street Thursday evening. As Mrs. Dilts [illegible] [illegible] opened the door when the [illegible] knocked [illegible] struck at her with the bat. She dodged just in time to avert the full striking her head, but received serious bruises on [illegible] [illegible] on the side of the body. Mrs. Dilts gives her life to the [illegible] [illegible] which sprang at the negro as soon as he struck her. In the struggle which ensued the negro is believed to have received some injuries before he made his escape. Mrs. Dilts is recovering rapidly from the fright and the injuries of the blow the negro dealt her.

The city jail was so full of [illegible] Thursday evening that the men could not lie down upon the floor. In order to make the place habitable 10 of the [illegible] were turned loose yesterday morning.

W. W. Atkinson, charged with assault with a [illegible] upon a girl, Zella Lough, Thursday, was brought up to the police court yesterday morning to tell the judge how it all happened. The judge fined him $10 and costs. It would be about right, and Mr. Atkinson, in brooding over his loss, decided to have revenge on Miss Lough. [illegible] he [illegible] appeared in court to answer to a charge of pounding Mrs. Atkinson—and the judge, in order to even things up, gave him [illegible].

Scrofula

Scrofula is an unwelcome legacy, but one which the children of blood poisoned parentage must accept, with all its humiliating consequences. It is an inheritance that makes one poorer, that brings wretchedness and disease instead of health and riches, for the child whose ancestral blood is tainted with Scrofula or the loathsome virus of Contagious Blood Poison is unfitted for the arduous duties of life so long as any of the transmitted poison remains in its veins. Scrofula manifests itself in various forms, swollen glands about the neck and throat, catarrh of the head, weak eyes, hip bone disease, white swelling and offensive sores and abscesses are familiar symptoms, attended usually with loss of strength, poor digestion and pale or bloodless complexion. The skin is sometimes most dreadfully affected, eruptions breaking out on all parts of the body. Scrofula destroys bone, tissue and flesh—no part of the human system escapes its withering, benumbing touch.

When nineteen years old and about one year after the birth of my first child the glands on the left side of my neck began to swell. Four of the places were lanced and became open running sores, rising came under my left arm and the discharge was simply awful. The doctors said I had the worst case of Scrofula they had ever seen. I took iodide of potassium but this nor the other drugs given for this disease brought relief. When the physicians advised me to have the glands removed I decided to try S. S. S. A few bottles cured me completely, no signs of the terrible disease are left.

MRS. RICHARD WASSON, Golden Corners, Ohio.

Parents whose blood is poisoned by their own misdeeds, or who themselves may be suffering for the sins of some remote ancestor, must restore their own blood to its normal purity and strength, or they cannot expect healthy, robust children. S. S. S. cures Scrofula, like other diseases of a deep-seated constitutional character, by restoring life and purity to the profoundly poisoned blood, and the rich, strong blood that is carried to the swollen and diseased glands absorbs and destroys the tuberculous deposits, and the painful disfiguring sores and other evidences of Scrofula disappear.

S. S. S. should be begun immediately upon the appearance of the first symptoms, or where there is a known predisposition to Scrofula. Our medical department will be found of great help to those who are struggling with this wasting disease of heredity or any other blood trouble, and we invite you to write us. Should you or any member of your family need advice, our physicians will cheerfully give the information you desire, for which we make no charge. Book on Blood and Skin Diseases free.

Colorado Springs Colo June 12, 1901.

They are Personally Conducted.

The California Tours, twice a week via the Colorado Midland railway leaving Denver 8 30 a. m., each Wednesday and Thursday, are under the personal supervision of experienced excursion managers who accompany each party through to Los Angeles in the splendid Pullman tourist sleepers which are used for these tours. Special attention is given to ladies and children traveling alone, places of interest enroute pointed out, descriptive pamphlets furnished, everything done for the comfort and enjoyment of passengers. The best of Colorado scenery is passed by daylight. The cost of double lower berth in tourist sleeper through from Denver to Los Angeles or San Francisco is but $4.50.

NEWS NOTES FROM DENVER

Supervisor Lindquist Filed Charges Against Policeman Askew

ELKS TO BUILD AUDITORIUM

Contractors Not Importing Laborers. State Federation of Labor Will Support Strikers

Denver Bureau
Colorado Springs Gazette.

Denver, June 21.—Supervisor Lindquist has filed charges against Policeman Askew of conduct unbecoming an officer and the fire and police board has set the matter for hearing next Tuesday morning at 10 o'clock. The charges grew out of the trouble which occurred between the two men last evening.

An effort is being made to secure the pardon of Columbus B. Sykes, who is serving a life term sentence in the Canon City pen. He was sent there in ... for the supposed murder of a man named Smelduth. Later developments tend to show that possibly Smelduth is not dead and even if he is Sykes had nothing to do with his death. The supposed murder occurred 12 miles from Ouray.

Peter Carasen, an Armenian dancer in the Streets of Cairo exhibition at the Lake street fair, attempted suicide last night by swallowing 12 grains of permanganate of potash. Police Surgeon Davis saved his life by a vigorous application of a stomach pump.

The Carnival committee is closing the accounts of the fair. It is thought that when all returns are in it will show a net profit of $ 0,000. The ... will canvass the state to secure $ ... in order to guarantee the erection of the memorial hall.

The local lodge of Elks has taken upon themselves the responsibility of erecting an auditorium in Denver. They will have the co-operation of the chamber of commerce and the real estate exchange. A joint meeting of the three ... tonight to try to complete the arrangements.

The State Federation of Labor has taken up the machinists' strike in this city and will lend its support to the strikers. All labor organizations will instruct their members to refuse to use tools that are made by companies not paying the union wages. It is thought that this boycott will bring the few non-union machine shops to time in a very few weeks. In regard to the contractors of buildings importing laborers by the hundreds it is said there is nothing in the story—It is said that at present they have about all the men that the present supply of bricks will accommodate. The Plasterers' union held a meeting last evening and decided to stand by the striking hod carriers to the end. The hod carriers' strike remains practically unchanged. They still contend that they will win in the end.

Ralph Morrison, superintendent of the Marshall coal mine at Marshall, Colo., was caught by a cave-in of the roof of the mine this morning and received a fracture of the skull. It is feared the wound will result fatally.

A number of ... county assessors have objected to the filing of their new bonds under the present revenue law, which requires that each assessor shall give bonds to the amount of one tenth of 1 per cent of the total valuation of the property assessed. Attorney General Post has given his opinion to the auditor of state in which he says the law is regular and should be obeyed. The auditor of state will demand that each assessor file the necessary bonds.

A report from Silverton, Colo., says ... contracts signed this week assure the construction here of a monument ... organized labor of San Juan county in the shape of a combined business and lodge room building that will cost $25,000. It will be the most perfectly appointed structure of that character in southwest Colorado.

The Brotherhood of Railway Employes has decided to establish its permanent headquarters in Denver. George Estes, the president of the organization, last night organized a local union with more than 200 members.

A report from East Las Vegas, N. M., says: John T. Fritch, one of the best known mining men in the Chloride district, Sierra county, was found dead on a bench in the shaft 2 6 feet below the surface. His head was mashed to a pulp, and the supposition is that he accidentally fell down the shaft. He has a wife and family in Wales.

CRICKETERS WILL HAVE PRACTICE GAME TODAY

Colorado Springs cricket players will have a practice game of cricket this afternoon at the new grounds opposite the country club at Broadmoor. It is expected that there will be a large number of very interesting games here during the next few months and a large attendance of local cricketers is desired today. The play will begin at 2:30.

CHANGE FOOD

And Lose That Uneasy Feeling

A man who has always been a "skinny chap," although hardy, ever ill tells of the way he put on flesh and reduced his irritability and nervous condition.

By chance he had a taste of Grape-Nuts Food at the table of a friend and enjoyed the flavor so much that he began to have it every meal. He says, "In a short time I found myself another person, the old feeling of discontent and uneasiness left me entirely. It became a pleasure to go about my work where before for years I had always ... Now I seem to have a surplus of energy for everything. My weight has increased 11 pounds in four weeks, and am still gaining.

I have never been very sick and I am satisfied if my present improvement in health continues I shall not be.

The change that this food has made in my life has been remarkable and so satisfactory that I am glad of the opportunity to tell you. Please do not publish my name." Name can be given by the Postum Cereal Co., Ltd., Battle Creek, Mich.

NEWS NOTES FROM VICTOR

City Council Accepts Invitation to Take Part in Quarto-Centennial.

Victor Bureau,
Colorado Springs Gazette.

Victor, June 21.—The city council of this city has accepted the invitation of the mayor and city council of Colorado Springs to take part in the Quarto-centennial celebration to be held in Colorado Springs August 1, 2 and 3. A like invitation was received from Boulder and the city clerk has been instructed to make proper acknowledgement.

The Miners union has generously voted to allow the 4th of July committee a room in its building for use as a dressing and resting room for the ladies and children during the celebration.

Col. Chas. Haffin, commanding the Second regiment of the uniform rank, K. of P., was in the city today looking into the arrangements for the big drilling contest which will take place during the 4th of July celebration. He believes that some of the leading companies of the state will take part in the drill and the big parade.

Fire Chief Murray has just completed a six foot star to be used in the coming celebration. The star will be placed in front of the city hall and will be illuminated by 50 electric incandescent lights of red, white and blue.

LEADVILLE

Two New Undertakings That Promise Much for the Promoters--Revenue for the City.

Special to the Gazette.

Leadville, Colo., June 21.—Two new undertakings will now be pushed with vigor in the Leadville basin. Mr. C. W. Denison, the old time Leadville assayer, backed by the Crosby-Edrich syndicate of Colorado Springs, will put the churn drill to work on the Capital Hill placer and Messrs. Golob and Turnbull will equip the Maple street shaft with a heavy plant of pumps and machinery and let the shaft down to develop their 28 acres of virgin territory and uncover the ore body revealed by the core drill. The diamond drill in this shaft cuts some very happy capers. The drill passed through six feet of ore or contact carrying six ounces silver 60 gold. The drill also penetrated two caves the diamond bit being covered with a carbonate ore stain lending encouragement to the belief that the caves contain ores as has been the case in many Leadville mines. One day the drill dropped away 11 feet when it penetrated a cave. The next day it dropped away again and when the drill rod screwed on additional rods it was found to have dropped away 23 feet, having doubtless penetrated a natural cave filled with ore. Messrs. Golob and Turnbull, who opened the Ballard bonanza in the gold belt with the habit of industry as their sole capital, are ruling spirits in the Maple street enterprise and are feeling exultant over its fine possibilities when the mine is opened with shafts and drifts.

The city council sees quite a revenue from the ore extracted from under the ... acres of land, lies, streets and alleys, and contemplates making a five year contract with the Hon. T. A. Dickson of Leadville and Latters, Richardson and Hawkins of Denver. These gentlemen have scored a great success in establishing the city's title to the mineral under the streets and alleys and will now endeavor to establish the city's title to the mineral on claims on which reservations have been made. The council feels very grateful to these attorneys for their past ... efforts and will authorize them to push suits against all mining companies for trespass in extracting ores from under the streets and alleys.

The Homestake Leasing company, with a capitalization of 300,000 shares, has been incorporated to work the old Homestake mine up on the peak by that famous name. J. H. Weddle, formerly manager of the Arkansas Valley smelter, James H. Henley, superintendent of the Ibex mine, are the principal men in this new company. Ten men are now at work getting things in shape to operate this old property which 22 years ago was a shipper to the smelter at Nada. Several rich streaks of ore are exposed as well as plenty of concentrating material. These men were buried in a snowslide at this property in 188 . The good showing in the workings as well as the many applicants for the lease caused the Archer family, owners of the mine, to demand ... the agreement.

The Holland Mining company, owners of 40 acres adjoining the Union Leasing company and other ... among Leadville's early bonanza mines, have leased to a heavy syndicate of mining investors. The property and the lessees will sink the Backbone shaft to an over known ore bodies in the East Batch claim in the Holland company's group.

J. D. Murphy, who in his operations on the First National has emphasized the great mineral possibilities of Upper Iowa gulch, has completed a large combination of ground in that section and will ... sink a series of shafts to develop known ore deposits. English capital is financing the deal. The brother-in-law of John Hays Hammond, the distinguished expert, is interested in this enterprise and will endeavor to bring it to a successful conclusion.

GRAND JUNCTION TO HAVE OIL WELLS

Special to the Gazette.

Grand Junction, June 21.—Through their agents in this city Colt and Gatewood, the Colorado and California Oil company has secured leases on 1,000 acres of land in this county for oil purposes and will commence to drill three wells. One will be put down near Palisade in the east part of the county and the other two within the city limits. This company owns valuable oil lands in California and has also been operating in Routt county, this state.

THE NEWS OF CRIPPLE CREEK

Public Library Established Through Efforts of Woman Club

LIEN ON GOLD EXPLORATION

Minnesota Delegation to Transmississippi Congress Named. Waiters' Strike Soon Ended

Cripple Creek Bureau,
Colorado Springs Gazette.

Cripple Creek, June 21.—The members of the Woman's club and other citizens interested in the public library project today saw their hope realized. A public library with several hundred volumes of standard literature was opened in the Welty building. For some months past the Woman's club of this city has been adopting various measures to secure funds for the enterprise. On Easter Monday a grand ball was given by the ladies in the National hotel and a neat sum was added to the library funds. Books have been donated by the ladies and the citizens of the city. Many volumes were bought outright. Today there were several books donated. At present the quarters for the library are slightly cramped but when the patronage warrants it the institution will be moved to larger quarters. Now that the library is started there is little doubt but that the public as a whole will become interested and help to make it one of the finest in the state.

A lien for $,625.53 was today filed in the county recorder's office against the property of the Gold Exploration & Tunnel company, owning the Ophelia tunnel. The lien was filed by the Morrell Hardware company, which alleges that it furnished goods to the amount of the lien.

A certificate of full paid up capital stock of the National T. M. & L. company was filed in the county recorder's office today showing that the capital stock had been increased $ 00,000, making the total capital stock $ 00,000. The certificate was signed by William A. Otis, William P. Sergeant, P. Sargeant and Harry L. West, directors of the company.

The Minnesota delegation to the Transmississippi Commercial congress has been named by Gov. S. R. VanSant of that state. Secretary Francis today received a letter from Governor VanSant in which he names the following delegation: Dr. Appleby of St. Paul, James A. Bell of Minneapolis, Captain Judson M. Cross of Minneapolis, J. S. McLain of Minneapolis, Harry Black of St. Paul, Governor Burke of Duluth, J. W. Christordoro of St. Paul, W. P. McDonald of Excelsior and O. H. Havill of St. Cloud.

The jury in the case of Barnerot vs. the Summersville Gold Mining company failed to agree after being out of the box all day and this evening Judge Cunningham dismissed it. This was the third trial of the case, the plaintiff ... ring at the second trial but a new trial being granted. It is a suit to recover $3,000 for stock bought by the plaintiff under false pretenses as he alleges.

James McLay commenced suit in the district court today against the Columbia Savings and Loan association. He sues to recover $ ... for stock he owns in the defendant association and which he wishes the association to redeem.

A mining deed was filed in the county recorder's office today showing the transfer of a one sixteenth interest in the Little Kansas lode on the south slope of Little Bull Hill from John W. Corcoran of Clinton, Mass., to S. H. Guyot. The consideration was $1,000.

Certificates of full paid up capital stock of the Sedan G. M. Co. and the Blue Belle M. M. & P. Co. were filed in the county recorder's office today.

Receiver's receipts were filed today by the Monon Gold Mining company for the Bland lode and the Bland No. 2 lode.

Miss Rose Ward of Council Bluffs is the guest of her uncle, J. F. Handbury.

J. R. Wilson is entertaining his mother, Mrs. Elizabeth Wilson of Muncie, Ind.

Sheriff James Stewart returned today from Canon City, where he took Sullivan and Flynn to the penitentiary.

Deputy Clerk and Recorder Cruth ers left this afternoon for Denver where he will visit with his family until Monday.

John L. Russell of the Climax Leasing company has returned to his home in Denver.

Miss Sadie Finnegan has been named as a candidate for queen of the flower carnival and street fair to be given by the B. P. O. E. in conjunction with the Transmississippi Commercial congress.

The dining room employes of the National hotel today struck for a raise of wages allotted them. There was an increase all along the line but the management decided that it could afford to meet the raise and trouble was averted.

The Alumni association of the Cripple Creek High school held its third annual banquet at the National hotel this evening.

Out of town arrivals at the National hotel today were: W. H. Firth, D. S. Lehman, John J. Goodrich, John J. Slavin and H. B. Chapman of Denver, J. F. Sanger, R. S. Evans and F. Mayo of Colorado Springs, H. H. Brah, H. G. C. Ellard, W. T. Hadwell and Thomas S. Wells, Canon City; E. H. Thompson of T...; F. A. Kenny of Portland, Ore.; J. F. ...s of Kansas City; J. Q. McDonald of Florence; J. W. Colby of Weston, Mo.; H. F. Gross and wife of Des Moines, Ia.; Mr. and Mrs. H. I. Atwood of Rochester, N. Y.; Mr. and Mrs. A. C. Kemp of Chicago; H. I. Astle of England; Joseph T. Benn of Canton, O., and J. I. M. ... of Ellsworth, Kan.

GLEN PARK

Glen Park, June 21.—Mr. and Mrs. Locke of Denver are to open for the day ar ... their cottage.

Mr. W. C. Graham, a leader in the Y. M. C. A. work in Pueblo, has taken a cottage for the summer.

The Y. M. C. A. junior camp of Pueblo broke up this morning. It has been an unusually fine week for the camp and the boys have all had a splendid good time. Miss Donovan of Texas has been visiting Mr. and Mrs. L. Ihlemer at the camp.

A camping party of young people in the Glen is preparing a trip up Mount Herman. It will probably leave Friday afternoon and return Saturday afternoon of this week.

STRIKE IN EVELYN AT LEADVILLE

Special to the Gazette.

Leadville, June 21.—The Evelyn Mining company, operating 40 acres of choice Graham park territory under a long time bond and lease, has penetrated a new lead sulphide ore shoot at a great depth which as development progress gives promise of disclosing a heavy ore body. The drift driven ... the 900 foot level to the north has now penetrated the shoot for a distance of 15 feet, revealing ore body of an average ... of ... to ... ounces silver and 20 per cent lead. Manager Starne today confessed every indication pointed that he had uncovered a big mine. This new development is important because it upsets the theory of technical mining circles that the deep Graham park shoots did not cross over to that point. This find also lends all manner of encouragement to many new development enterprises in that vicinity. New York capitalists associated with C. S. Thompson, W. H. Bryant, James Fletcher and Maurice Starne are the lucky owners.

Old-fashioned Training

Its Strong and Weak Points.

The strong point of the old fashioned training was the stress laid upon morality and virtue. "Be good and you'll be happy," was the common precept set before the growing child. But as the girl grew up to maidenhood she was often sorely puzzled to reconcile those past teachings with her present condition. She was good. Her soul was pure as the lilies of her garden. Her heart was undefiled. And yet she was desperately unhappy by reason of physical ailments common to women.

This was the weak side of old fashioned training. It ignored the

needs and requirements of the body. All its effort was to guide the heart and mind. The body might stumble along anyhow and it generally did.

Many a sweet faced, modest minded young girl has had her first doubts of the goodness of Providence come in through the door of physical suffering. "Why must I suffer in this way?" she asks. "Why does my back ache, my head throb and my side pain so that I am fain to creep away into a darkened room and forego the pleasures which belong to my season of life?"

NO ANSWER COMES

as a rule to these questions. The young woman looks around and sees scores of similar sufferers. She is told it is a part of the burden laid upon women and she shapes her shoulders to her heavy load.

This is all a mistake. Proper training, proper physical care would in many cases prevent these miserable conditions. But in any case however distressing the present condition it can be cured by the use of Dr. Pierce's Favorite Prescription if it is a disease curable by medicine.

"I am one of a few lines to thank you for your advice and your remedies to which I owe my health, and perhaps my life," says Miss Flora I. Greer of 107 Howe Street, Akron, Ohio. "My trouble started during my childhood but did not prove serious until 1893, when I met with an accident caused by a horse running away. From that time I did not see a well day. I suffered at every monthly period with terrible headache, pain on of the spine and ... in my heels so I could not bear them resting on the softest pillow. What I suffered pen could never describe. I had soreness through my hips and ovaries all the time and constant backache. Was afraid to be alone, imagined that every one hated me and everything looked like a mountain. One doctor would tell me one thing ailed me another would say something altogether different but they only relieved me. I then wrote you in April, 1899, through the advice of a neighbor, and followed your advice from April to July. I took five bottles of Doctor Pierce's Favorite Prescription and four of 'Golden Medical Discovery' and five vials of 'Pellets.' Have not had a single symptom of my old trouble so far. Can sleep good nights, work hard, and can eat solid and substantial food without distress. There are several of my friends taking your medicines with the best results since they have seen how they helped me.

"If any one wishes to know more of my case and will enclose a stamp I will answer any question they wish to ask."

HEALTH FOR WOMEN

The use of Dr. Pierce's Favorite Prescription has brought health to thousands of hopeless women. If you are sick it will almost surely bring health to you. In all the hundreds of thousands who have used "Favorite Prescription" for womanly ills, only two in every hundred have failed of a perfect and permanent cure. And even these two in every hundred have been benefited, their pains eased, their burdens lightened, their lives made happier.

Dr. Pierce's Favorite Prescription establishes regularity, dries enfeebling drains, heals inflammation and ulceration and cures female weakness. From the first change of life when the girl becomes a woman to the last change of life it is a "Godsend to women" as a preservative of health and a cure for womanly ills.

"Your letter just received," writes Miss Rose Kilfether of 43 West Sharpnack St., Germantown, Philadelphia, Pa. "Words fail to express how thankful I am to you for your advice. I must confess that for the length of time I have been using your medicine I have found it to be the most wonderful and best remedy for female troubles that I ever have tried. So I did not know of your Favorite Prescription years ago but will gladly tell my friends who are suffering of your wonderful medicine."

There is no alcohol in "Favorite Prescription" and it is entirely free from opium, cocaine and all other narcotics.

Sick and ailing women are invited to consult Dr. Pierce, by letter, *free*. All correspondence held as sacred and womanly confidences guarded by the same strict professional privacy which is observed in the personal consultations of Dr. Pierce and his staff (numbering nearly a score of physicians) at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

It sometimes happens that the dealer tempted by the little more profit paid by less successful preparations, will try to press a substitute upon the customer claiming that "it is just as good as Pierce's." It is well to remember at such a time that the claims of superiority made for Dr. Pierce's Favorite Prescription do not rest on mere words, but upon *cures*. Thousands of weak women made strong and sick women made well testify to its superiority over other preparations for women.

THE BIBLE OF THE BODY

is a title which has been aptly applied to Dr. Pierce's Common Sense Medical Adviser.—In plain English it points the way to womanly health and happiness, and fully discusses and illuminates those great and grave questions which involve the well being of women. This great work containing 1008 large pages and over seven hundred illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the volume bound in durable cloth, or only 21 stamps for the book in paper-covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

NEWS NOTES FROM PUEBLO

Bold Attempt at Hold-up Was Not Successful

SENTENCE PASSED UPON TWO

James Broderick Acquitted—Activity Continues in Real Estate—National Guard Inspected

Pueblo Bureau,
Colorado Springs Gazette.

Pueblo, June 21.—Dr. M. A. Wilcox, one of the most prominent physicians in the city, was the victim of the boldest attempt at hold-up that has ever come to the attention of the local police. He was sitting in his office in the Pope block, at Third and Main streets this morning just after the parade of the Gentry show. A tall rough looking man stepped into the office and demanded: "Have you got any money?" at the same time exhibiting the handle of a big revolver in his hip pocket. The doctor said he had and asked how much the man wanted. "Fifty dollars" was the reply. "I haven't got that much," calmly answered the doctor, and he fellow demanded what he did have. The physician ... hold up a lecture on the indiscretion of trying to rob people in broad daylight. The man said that his wife was ill and that he needed money to get her out of town, but the doctor told him that he would get no money from him and the man fled. He has not yet been captured.

Articles of incorporation of the Acme Oil, Gas and Mining company were filed with the county clerk today. The incorporators are John J. O'Donnell, E. F. Hanger, Oscar Bauman, T. H. Newkirk, R. H. Paxton, J. D. Randal and R. L. Kelly, all of Florence. The capital stock is $1,000,000, divided into 1,000,000 shares at $1 each. The company will operate principally in Pueblo and Fremont counties. Its objects are as its name indicates.

Harry De Lovell, convicted of burglarizing the Pueblo Steam laundry and and stealing $15 worth of shirts, was sentenced by Judge Dixon in division B of the district court today to not less than three years and not more than ... years in the ... When asked if he had anything to say De Lovell pulled a roll of paper from his pocket and proceeded to read to the court a whole lot of reasons why he should receive leniency.

William Ferguson, a negro, convicted of "rolling" Jarry Goodrich of $10 while Jarry slumbered in a saloon, was given three to five years.

Doubtful evidence saved James Broderick from being convicted of robbing Andrew Steffens, his room mate, of $125 in cash and deposit checks for several hundred more in Colorado Springs ... The jury returned a verdict of not guilty.

The case of Frank C. Smith against John T. Nock came up in division B of the district court today on motion to dismiss. The matter was taken under advisement. The case involves possession of a portion of a tract of land on the Pueblo-Otero county line. Mock, the defendant, set up the plea that at a previous trial of the issue the judgment was in his favor and that this constituted a bar to any further action by Smith. The latter claims however that at the previous trial there was a defect in his chain of title which he has ... perfected.

During the past week there was considerable activity in real estate. Forty-two transfers were recorded, involving $21,6 4, bringing the total for June to date to $ 4, 40. The total number of transfers to date is 10 . In June of last year there were 110 transfers, involving $1 6,65 .

Col. W. H. Sweeney, Jr., inspector general of the National Guard, inspected company B of the Second regiment this evening. The company made a very fine appearance.

The John R. Gentry horse and pony show played the first of the two days engagement today to a fairly good crowd.

Tomorrow is steel works pay day and the sum to be disbursed exceeds that of any other month of the present year.

WALSENBURG

J. R. Taylor Killed in a Coal Mine by Falling Rock---Quoit Match

Special to the Gazette.

Walsenburg, Colo., June 21.—About 4 o'clock yesterday afternoon J. R. Taylor, who was working in the mines at ... met a violent death by the falling of a portion of the roof. A coroner's jury investigated the causes of the death today and exonerated the company from all blame in the matter. It appears that Taylor had gone into his room to fire a blast, having the day before removed the pillar from his room. He had put one prop in place and had told one of his buddies that he would put in more before he continued his work. Evidently he neglected to make the roof entirely secure and was caught unawares. The pit boss is very particular in regard to the propping of the rooms and Taylor disregarded his instructions in not rightly propping the roof.

Taylor has some relatives in the east, but none at Pictou.

J. R. Killian, recently editor of the Yucca, has sold his property in Walsenburg and after a short trip with his wife in the western part of the state will settle down in Denver for the practice of law.

F. O. Roof is in the east looking after the purchase of machinery for the drilling of oil wells. The Huerfano Oil & Refining company which he represents will be in the drilling of a well near Walsenburg in a few days. Mr. Roof and W. N. Houser have 49 per cent of the stock of the company and the controlling 51 per cent is owned by an eastern company of men. Roof & Houser expect to push the work. The drilling which has been going on for some time near here is in the interests of the Continental Oil company. The company will not abandon the site of their present drilling but at the same time they will begin the active boring of another well at another point. They confidently expect to find oil in the Huerfano valley.

Walsenburg and the coal camps will be arrayed against each other tomorrow in a quoiting match. There is great rivalry between town and camps over the championship in this game and great interest is expected to be taken in the match tomorrow. Walsenburg will be championed by no less a person than our worthy county treasurer, Geo. Dick, assisted by Archie Jolly, and the camps will be represented by John Campbell and Hugh Tenent.

A balloon ascension will be a feature of Walsenburg's enterprise tomorrow.

A few improvements are going on in Walsenburg. William Krier, our county clerk, is building an addition to his residence on East Sixth street, which will add greatly to the appearance of his property. William Dick is also building an addition to his residence on Seventh street. J. D. McNerlew has almost completed the erection of his new home on Third street and will begin soon the erection of a fine residence for A. P. McIntire of Sharpsdale. Charles Rosenberg is putting a neat picket fence about his new home on Capitol hill.

Walsenburg will not celebrate the Fourth. Various camps about, however, hold celebrations.

Married—At Walsenburg, Colo., Wednesday, June 19, 1901, Mr. Ed. ... and Miss ... Faulkner, daughter of W. R. Faulkner, the substantial merchant of Walsenburg.

CANON CITY

Interest Is Taken in Case of C. B. Sikes a Convict---Skull Fractured.

(Special Correspondence.)

Canon City, June 21.—Columbus B. Sikes of Hardscrabble, near Canon City, was convicted seven years ago of the murder of a man named Smelduth, and after a trial in which all of the evidence was purely circumstantial he was committed for life to the state penitentiary. Several efforts for the mitigation of the sentence have all resulted in failure and it now appears ... after the mysterious disappearance of Smelduth he is known to have been at the Bumford roadhouse between Canon City and Florence. A second party has also been found who knows that Smelduth was living after the time of his disappearance. A petition in accordance with the facts will be presented to the board of pardons next week and it is sincerely hoped by the many who believe in his innocence that this young man for seven long dreary years, perhaps unjustly confined, will at last gain his freedom.

Miss Cora McKeehen of this city has been elected secretary to the ... board at Cripple Creek at a salary of $100 per month.

A notice has been published by the city clerk that all side walks must be put in the condition required by law at once and a finely side walked town is now in sight for Canon.

Edward Anderson, a track walker on the C. C. & C. C. railway, was struck by a passing train on Sunday night and had his skull badly fractured. He was removed to the hospital at ...

Miss Nellie Felter, who was seriously injured in the railroad wreck above Pueblo two months ago, has sufficiently recovered to admit of her return yesterday. It will be necessary for her to use crutches for some considerable time yet.

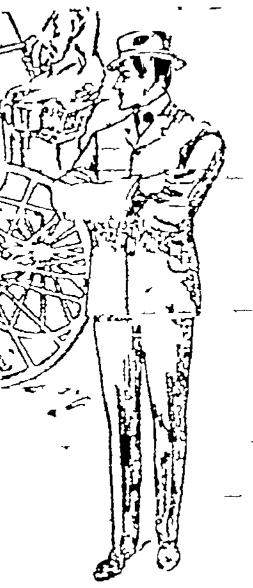

The lost man has been found—on the 5th inst. Mr. B. Yeager, who is a ... out of his mind, was being moved from Denver to Leadville by his son-in-law, Mr. Hahnawald. When the train arrived here Mr. Hahnawald left the car to purchase some refreshments and during his absence Mr. Yeager got out of the car and was lost for two weeks. The son-in-law in company with City Marshall Morrison and several other men, have been scouring all the surrounding mountains and country and today he was located in Brush hollow and is now in custody here awaiting transportation to Leadville.

Rev. Wilber F. Ripley was installed into the pastorate of the First Baptist church in this city last evening.

J. A. Whittemore, treasurer of the American Zinc Lead Smelting company and the originator of the famous Whittemore shoe polish, is in Canon City in the interest of the company.

Henry R. Cassel of London, England, and Henry R. Haight of New York city are in the city looking after some investments.

The body of a man found yesterday in the river near Coopaxi has been removed to Canon and lies at Wilson's undertaking rooms awaiting identification. He was about 50 years old, dark hair, gray mustache, two pair of overalls on. Evidently he was only a short time in the water.

"THE STORE OF THE TOWN"

We didn't invent this phrase but we are proud to accept and adopt it because it is true of this store

Kaufman's

Men's Clothing

Attractive Clothing Values for today in seasonable fabrics, just received
